RAILWAY AND UNION HEADS WILL RESUME WAGE NEGOTIATIONS

Conferences to Be Reopened Under Good Offices of Dominion Government Following Meetings With Premier Bennett—Both Parties Realize Seriousness of Situation

OTTAWA, Oct. 5 (CP).—Negotiations between the Canadian railways and their employees will be resumed without delay, following the use by the disputing parties of the good offices of the Dominion Government, announcement was made tonight.

In a statement issued by Prime Minister R. B. Bennett, after having conferences with the railway heads and the union officials, it was indicated that both parties to the dispute realized the seriousness of the situation "accentuated by the course of events which the Canadian people can neither direct nor control."

NO TERMS SUGGESTED

Mr. Bennett explained that successive Governments had realized that neither the railways nor the men desired intervention when unions and employers were negotiating wages and working schedules. In the present instance, the Government had not undertaken to suggest to either party the terms by which the dispute should be settled.

Members of the running trades of the two major railway systems determinedly rejected a proposed 10 per cent reduction below the rate of pay agreed upon a year ago when they took a 10 per cent cut on the basic rates. When a conciliation board found in favor of the employees a vote of the union members resulted in overwhelming approval to go on strike rather than to submit to the reduction.

PLEAD FOR SETTLEMENT

In negotiations yesterday with R. J. Hungerford, president of the Canadian National, and Grant Hall, vice-president of the Canadian Pacific, Mr. Bennett and the ministers associated with him on this question, pressed upon the rail executives the plea for settlement.

HOSPITAL HEAD IS APPOINTED

Dr. T. W. Walker Will Succeed Dr. E. M. Pearce as Superintendent of Jubilee

Dr. T. W. Walker, of Gordon Head, was appointed to succeed Dr. E. M. Pearce as superintendent of the Jubilee Hospital, at a special meeting of the board of directors, last night, in the institution.

After an association of eleven years with the hospital, Dr. Pearce recently tendered his resignation, which will become effective on November 30.

BORN IN ONTARIO

A native of Ontario, Dr. Walker was graduated from the University of Toronto in 1914, and came west to Saskatchewan, where he practiced medicine for a number of years. In 1916 he went overseas with the Western United States Battalion. The next year he was sent as specialist in internal medicine to No. 5 Canadian General Hospital at Pajov, England, of 1,200 beds. There he was second in command of medicine. That year, 1917, was spent with Sir William Osler and Professor John Maclean, doing research work.

On the recommendation of Sir William Osler, Dr. Walker was elected a Fellow of the Royal Society of Medicine. In 1918, he went to France as consultant on chest diseases to the No. 4 Hospital, C.E.F., and there was placed in supervision of medicine.

AT SASKATOON

After the Great War he returned to Saskatoon and specialized in diseases of the chest and internal medicine. He was elected president of Saskatchewan Medical Association. In 1930 he came to Victoria, and took up his residence at Gordon Head.

Directors of the hospital board state that Dr. Walker's application for the position was accompanied by testimonials of the highest order.

Today the captain paid his usual visit to the meteorological office, found the conditions over the proposed course unfavorable and said he and Mrs. Molison would probably not take off tomorrow.

BANKS GIVEN HEAVY GUARD

Plot Reported to Bomb Canadian Branch in Havana

HAVANA, Oct. 5 (CP).—Heavy police guards were thrown around all foreign banks in Havana, tonight, after the manager of the local branch of the Bank of Nova Scotia informed police he had been advised of a plot to bomb the Canadian institution.

An extra heavy guard scrutinized all packages carried by persons entering the Canadian bank. Manager Manuel Betancourt made the report to the police, which resulted in general precautions.

FEELING MANIFEST

Feeling against branches of financial houses of other countries set up here has been manifest more than once during the recent troubled times. Communists have berated the populace against what they termed the control of affairs exercised by "foreign money."

Except for a reported revolt in Camaguey Province, advises trickling into the capital tonight, through alarm-crippled communications, indicated an otherwise generally quiet situation throughout the island.

DEFYING GOVERNMENT

Camaguey dispatches told of the revolt of Atlano Simones, who took arms with a few followers in defiance of the Grau San Martin Government.

Concern for the welfare of military officers imprisoned after the battle in the Nacional Hotel, occupied a position of prominence in the political picture. Wives of the officers tonight called on Spanish-American war veterans and American Legionnaires asking the veterans to intervene on behalf of the officers to insure humane treatment.

STRIKES SETTLED

The labor situation was improved, with settlement of strikes in the Malanias and Havana plants of the American-Cuban sugar company, the reopening of a number of mills.

On the recommendation of Sir William Osler, Dr. Walker was elected a Fellow of the Royal Society of Medicine. In 1918, he went to France as consultant on chest diseases to the No. 4 Hospital, C.E.F., and there was placed in supervision of medicine.

Damaged in Los Angeles Earthquake

—Central Press Photograph.

ONE person died of fright and eleven persons were treated for injuries as the result of a sharp earthquake which struck Los Angeles and vicinity Sunday night. Damages to buildings were slight, being confined to the older structures of the city. Above photograph shows one of the buildings which received the brunt of the shock at Fifty-Fourth and Central Avenue in the south-eastern section of the city.

Father and Son Granted Stay of Execution at Eleventh Hour

EDMONTON, Oct. 5 (CP).—Under sentence to die at dawn Friday, Kenneth McLean, fifty-eight, and his twenty-one-year-old son, William, tonight were granted a stay of execution until October 20. A special session of the Alberta Supreme Court tonight granted defence attorney's application for the stay of execution.

An appeal on behalf of William will be made to the Supreme Court of Canada. The application was made only on his behalf and the father, it was pointed out, is merely escaping the gallows because he may be needed as a witness in the appeal.

The McLeans were sentenced to death when convicted of the murder of Walter J. Parsville. He was shot to death near Mannville, Alta., on September 30, 1932.

SETS SHOULDER WITH HIS OWN ARM BROKEN

MONTREAL, Oct. 5 (CP).—With his own arm fractured, Dr. B. A. Conroy, police surgeon, set the dislocated shoulder of a prisoner in the police cells. Dr. Conroy broke his right arm when he fell on the wharf after attending a steamship passenger. Without waiting to have his own injuries treated he answered the police emergency call and pulled the prisoner's shoulder into place, using his left hand.

BULLETS AND TEAR GAS USED TO DISPERSE STRIKE PICKETS

Final Link of Hope-Princeton Route Surveyed

PROVINCIAL engineers this week fixed the final location of the Southern Trans-Provincial Highway between Hope and Princeton, tying in both ends of a line the completed road will follow over Allison Pass. Work on the highway is proceeding from Hope and Princeton simultaneously with a considerable number of men at work on the project as an unemployment relief measure. Location of the route at Allison Summit closed the last gap in the projected line of the highway, which when completed, will be an east-and-west road from the Coast to the mountains.

Fifteen-Mile Line of Battle Set Up Around Coal Section

NEW YORK, Oct. 6.—Sharp battles were staged yesterday between police and strikers in several centres where industrial disputes are accompanied by walk-outs. One man was killed and several scores wounded in gas attacks and gunfire. Thousands of shots were fired before order was restored at two points, and the assistance of state troopers was required to end the disturbances.

PRELIMINARY TALKS START

British and Americans Approach Discussion of War Debts

WASHINGTON, Oct. 5 (AP).—British and American spokesmen discussed world economic conditions today as a prelude to their study of methods of solving the London Government's war debt problem.

GO FOR ORDERS

With the time of the next meeting left indefinite, Acheson, Secretary of State Cordell Hull, and Under-Secretary William Phillips, of the State Department, went to see President Roosevelt late in the day for a thorough discussion of the debt situation and to receive instructions.

DISCOVERED BY MR. AND MRS. F. W. Kemp and their son in August, 1932, and rediscovered last Sunday by Major and Mrs. W. H. Langley, Victoria's largest salt-sea serpent threatened yesterday to eclipse even the Provincial election as a topic of conversation. Meanwhile, a good deal has been learned about the monster.

DIAMETRICALLY OPPOSITES

Primarily the conferees are confronted with the task of compromising two diametrically opposing viewpoints. A settlement low enough to satisfy the popular British opposition to continued payments, officials believed, would be too low to meet the approval of Congress, which is on record against reduction or cancellation.

Province Considers Extension of West Coast Road, North

Government Examines Proposal to Run Good Trail From Jordan River to Port Renfrew Along Line of Projected Highway

ARRANGEMENTS to extend the West Coast Road by a trail from Jordan River to Port Renfrew in easy stages as a measure of unemployment relief are being made between the Federal and Provincial Governments. The trail will follow the line of the Government telegraph route, and will coincide with the route of the projected West Coast Highway.

Attorney-General Pooley was on his return definite announcement is expected of the policy that will be followed.

It is understood, meanwhile, that the Department of National Defence has already undertaken to do work along the route by construction of a serviceable trail: an estimated relief measure. The present terminus of the road ends about three miles north of Jordan River.

BASIS FOR CONSTRUCTION

Opening of a good trail between the present terminus and Port Renfrew would be of substantial benefit to Vancouver Island, and would serve later as the basis for construction of the permanent highway, when funds permit. Operation of such a trail would give access to a section of the Island little known, and rich in timber and other resources.

URGE IMPERIAL CONSOLIDATION

Conservatives Tired of Internationalist Doctrines, Convention Is Told

BIRMINGHAM, England, Oct. 5 (CP).—Imperialism was the dominant note as 2,000 Conservatives, the majority of them women delegates, assembled today for the annual convention of the National Unionist (Conservative) party.

The convention passed a resolution demanding that those famous old hands, Winston Churchill and Lord Lloyd, former high commissioners in Egypt, expressing grave concern over what was considered the inadequate state of Imperial defence, after Lord Lloyd said he was "tired and tired of those internationalist doctrines," and Churchill added "We are growing weaker while every other nation in the world is growing stronger."

OVERDOSE OF GENEVA

Then the party also approved a resolution requesting its leaders to concentrate on Imperial consolidation, including emigration and extension of intra-Imperial trade. Its sponsor, P. J. Hannan, M.P., declared, "We have had an overdose of Geneva—let us concentrate on Ottawa." He said there was too much internationalism and too little Imperialism.

A \$500,000 slum clearance programme was outlined as the Government's objective by Sir Edward Hilton Young, Minister of Health. The plan would involve demolition of 200,000 homes and rebuilding their 1,000,000 occupants.

Tomorrow the convention reaches the ticklish subject of Indian policy, and a warm debate is expected, for the speakers include Mr. Churchill and Lord Lloyd.

NOW REVISING RELIEF LISTS

Minister of Labor Says
Many Found Not Entitled
to Allowance

Investigation carried out by the Provincial Department of Labor has unearthed scores of persons receiving relief allowance who were never entitled to it, with the result they have been struck from the list. It was stated by Hon. William M. Dennis, Minister of Labor and Mines, in an address to Ward Four electors at Marjoid last night in support of the candidature of Premier Tolmie.

Mr. Dennis stated that when he joined the Provincial Cabinet there were approximately 132,000 persons on relief in British Columbia. As the result of a general survey of unemployment and rigid investigation between the Government and the municipalities, British Columbia's unemployment figure now stands at close to 89,000, Mr. Dennis said.

Dealing further with unemployment, the Minister stated he was convinced the only possible way that "employment could be properly handled was by a Federal commission, free from politics, co-operating with similar commissions in each of the provinces."

MINIMUM WAGE ACT
The Minister charged certain industries of British Columbia with using "cut-throat tactics" in dealing with employees. "I can assure you that there has been any act that

**WAR IN BRITISH
SEAS IMMINENT**
Problem of Later Years of
War Will Be Reproduced
by Naval Forces

LONDON, Oct. 5 (CP).—For twenty-four hours next week, England and Scotland will be at war in the North Sea.

Scotland, with Cromarty as its naval base, will occupy the same position as all Britain did during the war, that of having an ally power and her own expeditionary force on the other side of the North Sea, to which she is compelled to supply munitions. England, with a base on the Humber, will constitute the enemy, whose forces are determined to hinder the flow of Scottish munitions.

TO TAKE COMMAND
The home fleet will be divided to represent both belligerents. Admiral Sir William Boyle, newly appointed commander-in-chief, will be in charge of the Scottish forces, and Rear Admiral R. M. Colville will command the southern enemy.

While it realizes any future naval war will yield problems peculiar to itself, the Admiralty is to believe the question of convoy protection still will be predominant. Next week's exercises are expected to produce more in the nature of constructive lessons than a mere review of North Sea difficulties in 1917-18.

From Hurricane

BROWNSVILLE, Texas, Oct. 5 (AP).—Gradually rising waters of the Rio Grande tonight have inundated about two-thirds of the Mexican city of Matamoros, opposite Brownsville, and Mayor Primitivo Shears appealed to his government in Mexico City for aid.

The city already was in sore distress from the damage wrought by the September hurricane, which toppled over the towers of its cathedral, unroofed many business buildings and collapsed hundreds of flimsy adobe buildings and frame structures.

Recent rains on the Mexican watershed of the Rio Grande and its tributaries, had caused the rise which inundated lowlands on the Mexican side, unprotected by levees and drainage canals, which prevented damage to the American side.

SEATTLE, Oct. 5 (AP).—John T. Harrison, thirty-three, manager of a sales company, was knocked into the waters of Lake Union from his yacht and drowned in a freak accident early today, police were informed.

W. J. Cottrell, manager of the Harrison Sales Company's Portland branch, said he and Harrison went on a midnight cruise with Harrison's yacht "Shelton."

They boarded the old Government lightship Umatilla, anchored in the lake, and investigated it, Cottrell said, and Harrison fell overboard as they climbed down to the yacht again. While Harrison was changing his clothing, the yacht drifted alongside the Umatilla and was caught under an accommodation ladder of the lightship, which punched a hole in the cabin top of the small yacht, Cottrell said. Attempting to free the yacht, both fell overboard and Harrison drowned.

Nationalists Expected to Re-

PORT ELIZABETH, South Africa, Oct. 5 (CP).—A severe setback to the hopes of union between the Nationalist Party and the South African Party under General Jan Smuts was administered today, when the Cape Province Nationalist Party rejected the motion approving such a step, by a vote of 142 to 30.

In well-informed quarters, it was believed the present fusion Government, in which the South African Party is co-operating with the Nationalists, is unlikely to resign as a result of the vote. The two parties have worked together since before the general elections of last Spring, and General Smuts is one of the South African Party men taken into the Cabinet.

No Freedom Of the Press For Germany

BERLIN, Oct. 5 (AP).—The Reich today threw into disarray the principle of the freedom of the press, set up the death penalty for the circulation of treasonable articles and made German newspaper workers responsible to the Government.

A series of drastic laws passed by the Cabinet and signed by Chancellor Hitler made the publishing of treasonable articles abroad or the introduction of them into Germany punishable by death and made journalism a licensed profession in which Aryanism and Nazi patriotism were set up as necessary qualifications.

LOAN TO GROWERS
In order to assist the strawberry growers of Saanich to procure their surplus, the Government had made a loan to the growers of \$50,000, of which \$35,000 had been used and had been paid back in full, with interest, within the twelve-month period. The Government, he said, had also assisted the loganberry growers to market their products.

The Premier briefly reviewed the platform of the Unionists, pointing out some of the things proposed for agriculture and other industries in the Province. He was asked by one of the audience what progress had been made with the Pacific Great Eastern Railway negotiations. He replied it would be some time next Summer before anything could be done. He intimated British capital was interested and would send experts here to examine fully into the railway and the terms of purchase. Major W. G. Cunningham was chairman.

No Freedom Of the Press For Germany

BERLIN, Oct. 5 (AP).—The Reich today threw into disarray the principle of the freedom of the press, set up the death penalty for the circulation of treasonable articles and made German newspaper workers responsible to the Government.

A series of drastic laws passed by the Cabinet and signed by Chancellor Hitler made the publishing of treasonable articles abroad or the introduction of them into Germany punishable by death and made journalism a licensed profession in which Aryanism and Nazi patriotism were set up as necessary qualifications.

LOAN TO GROWERS
In order to assist the strawberry growers of Saanich to procure their surplus, the Government had made a loan to the growers of \$50,000, of which \$35,000 had been used and had been paid back in full, with interest, within the twelve-month period. The Government, he said, had also assisted the loganberry growers to market their products.

The Premier briefly reviewed the platform of the Unionists, pointing out some of the things proposed for agriculture and other industries in the Province. He was asked by one of the audience what progress had been made with the Pacific Great Eastern Railway negotiations. He replied it would be some time next Summer before anything could be done. He intimated British capital was interested and would send experts here to examine fully into the railway and the terms of purchase. Major W. G. Cunningham was chairman.

**WAR IN BRITISH
SEAS IMMINENT**
Problem of Later Years of
War Will Be Reproduced
by Naval Forces

LONDON, Oct. 5 (CP).—For twenty-four hours next week, England and Scotland will be at war in the North Sea.

Scotland, with Cromarty as its naval base, will occupy the same position as all Britain did during the war, that of having an ally power and her own expeditionary force on the other side of the North Sea, to which she is compelled to supply munitions. England, with a base on the Humber, will constitute the enemy, whose forces are determined to hinder the flow of Scottish munitions.

TO TAKE COMMAND
The home fleet will be divided to represent both belligerents. Admiral Sir William Boyle, newly appointed commander-in-chief, will be in charge of the Scottish forces, and Rear Admiral R. M. Colville will command the southern enemy.

While it realizes any future naval war will yield problems peculiar to itself, the Admiralty is to believe the question of convoy protection still will be predominant. Next week's exercises are expected to produce more in the nature of constructive lessons than a mere review of North Sea difficulties in 1917-18.

**FLOODS INCREASE
DISTRESS OF CITY**
Nearly Inundated by Rising Waters
of Rio Grande After Suffering
From Hurricane

BROWNSVILLE, Texas, Oct. 5 (AP).—Gradually rising waters of the Rio Grande tonight have inundated about two-thirds of the Mexican city of Matamoros, opposite Brownsville, and Mayor Primitivo Shears appealed to his government in Mexico City for aid.

The city already was in sore distress from the damage wrought by the September hurricane, which toppled over the towers of its cathedral, unroofed many business buildings and collapsed hundreds of flimsy adobe buildings and frame structures.

Recent rains on the Mexican watershed of the Rio Grande and its tributaries, had caused the rise which inundated lowlands on the Mexican side, unprotected by levees and drainage canals, which prevented damage to the American side.

from their homes, fearing the possible consequences.

Fred Fogden, who resides in the South end of the city, was lying on his bed reading, when his house, a frame structure, swayed violently. He ran outside, fearing the structure would fall.

Many feared an explosion might have occurred in the mines, and many calls were put into local newspaper offices and mine headquarters.

PRINCE ALBERT, Sask., Oct. 5 (CP).—Racial passions were fanned into flames at Leask and today two men are in custody, following a fracas between French-speaking persons and Hungarians at an auction sale near the village. John Bury and Hector Carpenter were taken into custody. A broken nose and dislocated thumb were the most serious of the injuries reported.

**MAN DROWNS IN
FREAK ACCIDENT**
Falls Overboard in Lake
Union in Attempting to
Free Yacht

SEATTLE, Oct. 5 (AP).—John T. Harrison, thirty-three, manager of a sales company, was knocked into the waters of Lake Union from his yacht and drowned in a freak accident early today, police were informed.

W. J. Cottrell, manager of the Harrison Sales Company's Portland branch, said he and Harrison went on a midnight cruise with Harrison's yacht "Shelton."

They boarded the old Government lightship Umatilla, anchored in the lake, and investigated it, Cottrell said, and Harrison fell overboard as they climbed down to the yacht again. While Harrison was changing his clothing, the yacht drifted alongside the Umatilla and was caught under an accommodation ladder of the lightship, which punched a hole in the cabin top of the small yacht, Cottrell said. Attempting to free the yacht, both fell overboard and Harrison drowned.

WAS BURIED YESTERDAY
Funeral service took place, yesterday afternoon, at the Thompson Funeral Home, for Theodore Frank Manning. Many friends attended, and the casket was covered with a profusion of beautiful floral tributes.

The funeral was conducted by the Brethren, and the following acted as pallbearers: A. H. Price, T. H. Fletcher, A. Braidwood, J. C. Price, R. L. Carter, and W. Adam. Interment was made in Royal Oak Burial Park.

**HOPE OF UNION
GIVEN SETBACK**
Nationalists Expected to Re-
tain Co-operation of South
African Party

PORT ELIZABETH, South Africa, Oct. 5 (CP).—A severe setback to the hopes of union between the Nationalist Party and the South African Party under General Jan Smuts was administered today, when the Cape Province Nationalist Party rejected the motion approving such a step, by a vote of 142 to 30.

In well-informed quarters, it was believed the present fusion Government, in which the South African Party is co-operating with the Nationalists, is unlikely to resign as a result of the vote. The two parties have worked together since before the general elections of last Spring, and General Smuts is one of the South African Party men taken into the Cabinet.

THE RIGHTS OF MAN
"In the name of the French Republic," M. Berenger declared with fervor, "I uphold the principle of the revolution which proclaimed the rights of man, of all citizens, without distinction of race, religion or origin."

PAY TRIBUTE TO DEPARTED

Large Gathering of Citizens Attend Funeral of Late Stephen Jones

Honored by citizens and deeply mourned by friends and acquaintances, the late Stephen Jones, pioneer resident of Victoria, died yesterday afternoon.

The funeral was held under the auspices of Victoria Columbia Lodge No. 1, A.F. & A.M., and upwards of seventy-five members and visiting members formed a guard of honor at the church and at the graveside, where the Masonic burial service was conducted.

A large gathering of citizens attended the public service at St. John's Anglican Church, commencing at 3:15 o'clock, between 300 and 400 being present. The service was conducted by Rev. Canon F. A. P. Chadwick, who was assisted by Rev. Canon Harold King, Vancouver.

CHURCH SERVICE
The service was brief, and consisted of two hymns, "Lead, Kindly Light," and "Abide With Me"; Psalm xxiii, "The Lord Is My Shepherd"; the lesson from the Scripture, and prayers of comfort for the bereaved relatives. Following the service, the organist played "The Dead March," as the cortege proceeded from the church.

The casket, of polished oak, was covered with many beautiful flowers and wreaths, and two additional automobiles were present to transport the floral tributes to the grave. Tributes were received from prominent Victoria citizens and organizations, and many parts of the province, and testified to the high place the late Mr. Jones occupied in the community.

THE PALIBEARERS
There were two groups of palibearers, honorary and active, the active palibearers all being Past Masters of the Grand Lodge of British Columbia. The honorary palibearers were: George J. Jones, David Steele, Most Worshipful Brothers G. L. Cassidy, G. C. Derby, D. D. Munro, S. McClure, Worshipful Brother R. R. Taylor and Brother Thomas Brown.

The active palibearers were: Most Worshipful Brothers A. McKinnon, F. J. Burde, D. E. Kerr, W. Astley, Dr. S. J. Willis and J. E. Beck.

FLORAL TRIBUTES
Floral offerings were received from the following:

Island Scenes Recently Shown In Exhibition

Charming bits of Victoria scenery formed the subject of several of the water colors included in the exhibition shown a few days ago at the University of Edmonton by L. P. Leary, whose young Edmonton artist who was here recently. After he left here Mr. Jones was in Vancouver for two weeks, and there also spent his entire time sketching bits of the scenery and harbor life that appealed to him, and the best of these he included also in his exhibition at Edmonton. He is now planning to return to the Coast about the end of this month, to hold an exhibition at the Art Gallery in Vancouver, and there is no likelihood that he will send some exhibits to the forthcoming arts and crafts exhibition to be held in Victoria.

What Today Means

"LIBRA"
If October 6 is your birthday, the best hours for you on this date are from 3 to 5 p.m. and from 6:30 to 7:55 p.m. The danger periods are from 11 a.m. to 12:15 p.m., from 8 to 8:30 p.m. and from 10:40 to 11:15 p.m.

Influences operating on this date will probably be of a negative sort; you will not feel able to act forcefully or with eagerness. You will be inclined to put things off, to wait and see how things go, to do anything but act definitely. Serious doubts may appear in the thought of those who are engaged to wed, and many will feel hesitant about taking the final step on this day.

The child born on this October will probably have many funny little ways about it. It will keep up an almost continuous stream of chatter and without realizing it will say and do some very amusing things. It will become deeply engrossed in whatever it is doing, be it work or play, and will be quite oblivious of what goes on about it. If October 6 is the date of your birth, you probably think pretty well of yourself, without being egotistical to any annoying degree. It is your theory that people take you seriously much at your own valuation and that if you do not rate yourself high, the rest of the world will be inclined to pass you by. Without punning yourself too much to the front, you make people aware of your presence. Your invariable good humor, your geniality and your appreciation of the beautiful in life make you a person who is doubtless in great demand socially. You are not the sort of person to stay at home, for you like to be on the move, and you have many friends who retain them for years and years.

Born on October 6, you probably like to gamble and take risks; fate is not usually kind to you in these matters and more often than not things go against you. You will succeed best if you keep your feet on paths well marked and where the breaks are known to be at least fifty-fifty. The chances that you will make a great name for yourself are small. It is possible that you will dabble a bit in the arts. At least, you will have a great appreciation of music and painting. You will do much to encourage others to put forth their best efforts towards the creation of things worthwhile. To your mate and children you will be an inspiration always; for your sake they will do their very best and you will be able to help them over many rough spots.

C. A. SPEERS IS VISITOR IN CITY
General Manager of Champion Spark Plug Company Says Business on Upward Trend

C. A. Speers, general manager of the Champion Spark Plug Company of Canada Ltd., Windsor, Ontario, is a visitor in Victoria. He arrived yesterday in the course of a tour throughout Canada, the purpose of which is personal contact with the district distributors of Champion spark plugs in each locality. Mr. Speers was well known in this territory when he held the position of retail field salesman for his company many years ago. He was the first man to drive a car over the Canadian Rockies, advertising the Champion spark plugs, in 1917. It was necessary at that time to drive for miles on railway ties, in absence of roads.

TRAVELED EXTENSIVELY
During the past eight years Mr. Speers has traveled thirty-five countries in all, with headquarters in Sydney, Australia. Six months ago he returned to Canada to take up the post of general manager for the company at Windsor, Ontario. A decidedly optimistic note was struck when he was questioned as to his impressions on business conditions. "Business is showing a decided upward trend with us," he stated. "In recent months our plant at Windsor, the largest spark plug factory in the British Empire, has recorded a considerable amount of overtime, in an effort to care for the orders that are pouring in, not only for the Canadian market, but for England, Australia, South Africa and other countries. This increased activity in the automotive field is in itself an excellent barometer of improved conditions."

You will succeed best if you keep your feet on paths well marked and where the breaks are known to be at least fifty-fifty. The chances that you will make a great name for yourself are small. It is possible that you will dabble a bit in the arts. At least, you will have a great appreciation of music and painting. You will do much to encourage others to put forth their best efforts towards the creation of things worthwhile. To your mate and children you will be an inspiration always; for your sake they will do their very best and you will be able to help them over many rough spots.

C. A. SPEERS IS VISITOR IN CITY
General Manager of Champion Spark Plug Company Says Business on Upward Trend

C. A. Speers, general manager of the Champion Spark Plug Company of Canada Ltd., Windsor, Ontario, is a visitor in Victoria. He arrived yesterday in the course of a tour throughout Canada, the purpose of which is personal contact with the district distributors of Champion spark plugs in each locality. Mr. Speers was well known in this territory when he held the position of retail field salesman for his company many years ago. He was the first man to drive a car over the Canadian Rockies, advertising the Champion spark plugs, in 1917. It was necessary at that time to drive for miles on railway ties, in absence of roads.

TRAVELED EXTENSIVELY
During the past eight years Mr. Speers has traveled thirty-five countries in all, with headquarters in Sydney, Australia. Six months ago he returned to Canada to take up the post of general manager for the company at Windsor, Ontario. A decidedly optimistic note was struck when he was questioned as to his impressions on business conditions. "Business is showing a decided upward trend with us," he stated. "In recent months our plant at Windsor, the largest spark plug factory in the British Empire, has recorded a considerable amount of overtime, in an effort to care for the orders that are pouring in, not only for the Canadian market, but for England, Australia, South Africa and other countries. This increased activity in the automotive field is in itself an excellent barometer of improved conditions."

necessity, in the national interest, of every possible effort being made to bring to a successful issue the negotiations with the representatives of the employees.

The same plea was made today to the representatives of the unions who visited the Prime Minister. It was learned, Mr. Bennett said, that there was no ill-feeling between the disputing parties and both indicated their realization of the seriousness of the situation, and agreed to resume negotiations seeking a peaceful compromise.

WAR DEBT DISCUSSIONS

The conversations with President Roosevelt, of the United States, which British representatives will commence within the next few days on the subject of war debts, promise to lead to some definite conclusion. It is a matter for congratulation that Britain should have chosen for the negotiations, such men as Sir Frederick Leith-Ross and Sir Ronald Lindsay. The former is admirably informed on financial matters. The latter is the British Ambassador to Washington, and has an excellent idea of the temper of the people of the United States. The issue will be presented to President Roosevelt from the standpoint of Britain's financial position, and moreover, from the world standpoint. It is hoped, on the present occasion, to promote a clearer understanding of the situation. It is essential that some composition should be reached before the mid-December payment to the United States becomes due.

The war debt issue undoubtedly has had its effect on world conditions. It has been a factor in having perpetuated the era of depression. It is that fact, as much as any other, which will be impressed upon the American people through the conversations to ensue. The debts have reached in a harmful way on trade; the way of commerce, currency interests as well. There is undoubtedly a strong moral argument in favor of revision and reduction; there are some who say that the war debts should be wiped out altogether, just as Britain forgave her European debtors after the Napoleonic Wars. What Britain wants is that the situation should be faced squarely. Britain has made decisive reductions in her claims on her European debtors, and she legitimately expects that she will be accorded similarly favorable treatment. She wants a square deal, brought about by a final and amicable settlement. War debts have remained a stumbling block in the way of commercial recovery throughout the world. This fact must impress itself on the President of the United States, who is now so vigorously engaged in measures for industrial recovery in his own country.

THE NEW TYRANNY

There is a certain vagueness in some of the pronouncements of the C.C.F. revolutionaries and a startling definiteness in others. The Socialist leaders tell us that under their rule unemployment is to cease, wages are to rise, the currents of trade are to flow freely. How are these results to be brought about? By means of a process which has not yet been clearly explained, but which is called by the intriguing phrase, conscription of wealth. "Men were conscripted for war," is the repeated cry of the Socialist agitators; "now, therefore, let us conscript wealth, let us conscript capital in time of peace."

The puzzled voter may ask for further light upon this mysterious process by which confiscation is to result in prosperity. Here is a business concern which shows a surplus of income over expenditure. The revolutionary theory is that this money, this profit on the year's activities, is to be taken from the owner and appropriated to the use of the government because it will be much more wisely employed by the politicians who happen to be in office than by the owner, and prosperity will be the result. The voter may ask the C.C.F. magicians to make clear the connection between confiscation and national prosperity, but he will ask in vain.

No doubt it is easy enough to envisage the conscripting authority seizing the bank balance of the prosperous merchant, the successful barrister, the ingenious manufacturer, the persuasive insurance agent, the expert financial broker, the bonanza wheat farmer or cattle man. It is indeed easy to imagine the golden stream of profits made by individuals flowing into the public treasury, but it is not so easy to know what will become of this money. Certainly it will be used to be employed in the usual way. The very purpose of confiscation and conscription is to take it away from profitable enterprise. The voter has no assurance whatever that the money thus obtained would be wisely used by an inexperienced political group led by professional agitators, many of whom, however successful they may be in spinning fantastic political theories, have achieved no marked success in constructive private enterprise.

If the revolutionaries are vague and unconvincing at this point, they make some amends for their vagueness when they come to treat of educational policy. They have told us in plain terms that it is their settled determination, if and when they get into office, to seize, commandeer, and appropriate to the use of the socialistic oligarchs the whole machinery of public education. Everyone from the deputy minister and his inspectors down to the rawest and most recent recruit from the normal school is to be organized, and regimented, and supervised, and drilled as an integral part of a machine for the propagation of socialistic doctrine and sentiment in the schools.

The qualities necessary for a successful teacher are character, scholarship, pedagogical skill, personality, initiative, sympathy. Hitherto our public and high school teachers, with admirable detachment, have been able to teach history and literature without doing violence to the political and religious views of the parents who have entrusted their children to the care of the schools. Under the proposed socialistic tyranny will these qualities be much in demand? Under such a regime it will still be necessary, of course, to teach the multiplication table and the Rule of Three, the rules of syntax and the motions of the earth, matters requiring but little scholarship and a mere modicum of mechanical skill, but even the arithmetic books will have to be rewritten so as to insure that the teacher shall emphasize the economic implications of interest, discount, and brokerage.

In future, it would seem, when the teacher enters the school he will be expected to divest himself of the influence of every political and

constitutional theory, every interpretation of the great religious movements of history, save one; and that will be prescribed by the requirements of socialistic propaganda. We have little enough of direct religious instruction in our schools today. The chief religious influences in the school are to be found in the personal character of our teachers, and in the wealth of our English literature. If the revolutionaries have their way, all this will be excluded with a vengeance. Their educational policy is as clear as their proposed political and economic arrangements are vague and uncertain. What do the clergy and laity of all denominations think of the prospect?

CANADA'S STRONG POSITION

Lord Macmillan, chairman of the Canadian Banking Commission, has expressed amazement that there should be any pessimism in this country. Possibly he encountered some of those who have capitalized pessimism in the hope of securing political power. It is unfortunate that there should be such a feeling in any quarter of the Dominion, especially when Lord Macmillan says that Canada is regarded with admiration by both Britain and the United States because of the manner in which she has weathered the years of depression. The attitude of the malcontents has nothing to do with the character of the Canadian people as a whole. The criticism of the banking system of the country is irrefutably answered by the magnificent manner in which that system has withstood all shocks, has maintained the country's credit and has enabled governments to operate with confidence in the face of upsetting influences.

There is no cause for pessimism. What there is of this feeling is fabricated by those who in a wave of mental unrest are anxious to persuade people that a new system of government should be essayed. The mental unrest is largely due to foreign propaganda, at first subtler and now conducted in the open. The answer to that propaganda is that intra-Empire trade is increasing more rapidly than the trade of other nations. Malcontents have little or no use for the Empire. It is never mentioned in their propaganda. Internationalism, on the basis of that decreed by Moscow, is their goal. Lord Macmillan has drawn attention to the pessimism which marks such political activities. He sees no reason whatever for it in the conditions that prevail in the Dominion. No sane commentator on the course of events has any cause whatever to have doubt about the future of Canada. Those who decry that future under the aegis of constitutional government have not taken the trouble to acquaint themselves with the course of events, or wilfully misinterpret that course for their own political advantage.

THE THINKER

Back of the beating hammer
By which the steel is wrought,
Back of the workshop's clamour
The seeker may find the Thought,
The Thought that is ever master
Of iron and steam and steel,
That rises above disaster
And tramples it under heel!

The drudge may fret and tinker
Or labor with rusty blows,
But back of him stands the Thinker,
The clear-eyed man who knows;
For into each plough or sabre,
Each piece and part and whole,
Must go the Brain of Labor,
Which gives the work a soul!

Back of the motors humming,
Back of the belts that sing,
Back of the hammers drumming,
Back of the cranes that swing,
There is the eye which scans them,
Watching through stress and strain,
There is the Mind which plans them,
Back of the brawn, the Brain!

Might of the roaring boiler,
Force of the engine's thrust,
Strength of the sweating toiler—
Greatly in these we trust,
But back of them stands the Schömer,
The Thinker who drives things through;
Back of the Job—the Dreamer
Who's making the dream come true!

—Burton Bailey.

HAPPINESS

The happiest man is he who best understands his happiness, and he who understands it best is he who knows profoundly that his happiness is only divided from sorrow by a lofty, humane and courageous view of life.

To know, to esteem, to love—and then to part.
Makes up life's tale to many a feeling heart—
—Coleridge.

Note and Comment

By R. B. D.

The picture, placed the busta between, adds to the thought much strength. Wisdom and wit are little seen.

For forms of government, let fools contest, Whichever is best administered is best.

One very apt phrase and one very comprehensive word have come to us from Scotland. The apt phrase is, "Oh, he has a bee in his bonnet," and the comprehensive word is daft. The individual who has a bee buzzing in his bonnet was considered a trifle wrong in his upper story; the person who was daft was utterly irresponsible. Some of the leaders and a few of the followers in the C.C.F. movement are utterly irresponsible; one of the leaders in the movement merely has a bee in his bonnet. Probably there is not a more highly respected member of the clerical profession or of any other profession in Victoria than Rev. Robert Connell; probably there is not a man of nobler character or of higher ideals in this community than Mr. Connell; probably there is not a man whose sympathies are broader than those of Mr. Connell. All these things may be said, but the fact remains nevertheless that under the broad clerical hat of Mr. Connell there is a busy bee buzzing. Emotions have got the better of judgment.

We confess being wrong when we said a short time ago that Mr. Connell as an educated man and leader in the revolutionary movement of British Columbia could never be anything but a right winger in that movement. But the speeches of the clerical revolutionary prove that he is a left winger of the most extreme type. Mr. Connell declared in a recent speech that he advocated appropriation by the province of all property and all business and believed that this consummation could be accomplished by peaceful measures.

A reformation or a revolution of that kind certainly could not be accomplished by legal measures, and we doubt whether it could be accomplished by legislative measures; for if the Legislature should repeal all the laws governing the possession and the rights of property the Lieutenant-Governor first and the Dominion Government after would have something to say in the matter. A revolutionary Legislature might of course abolish the post of the Lieutenant-Governor, but it hardly could abolish the Dominion Government.

The Federal Government in resisting the revolutionary movement in British Columbia undoubtedly would have the united force of public opinion in all the Eastern provinces of the country behind it. An indication of the state of public opinion in the East was given only a few weeks ago by the result of an election in one of the Maritime Provinces. There was not a single C.C.F. candidate successful in that election. A C.C.F. candidate in the province of Quebec would have about as much chance of election as the fabled snowball would have of enduring the temperature in a place which need not be specifically mentioned. We doubt whether the martyr Tim Buck could be elected to sit on the Ontario Legislature, even with the united support of The Toronto Star and Toronto Globe, the sob sisters of the Liberal press.

Thus the fact appears clear that even in the event of the impossible happening and the revolutionaries securing a majority in the election of November 2, the process of confiscation could not be accomplished by peaceful measures. Mr. Connell, notwithstanding his mental abilities, must realize that; and if force is to be applied, it will be resisted. No man with the spirit of a mouse would tamely submit to spoliation. Being the man he is, Mr. Connell would undoubtedly be horrified at the idea of being a party to the fomentation of civil strife, with possibilities of bloodshed. In this political turmoil it is not the well-meaning but misguided man with a bee in his bonnet who is to be feared, but the daft agitator who is utterly irresponsible and dreams of grasping powers akin to those of the Russian dictators.

It is said a man is known by the company he keeps. We should be sorry to be forced to form a belief that the character of Mr. Connell must henceforth be estimated according to the character of the company he is temporarily keeping. No man in possession of all his faculties possibly can believe that out of the heterogeneous elements seeking power in British Columbia an administration could be formed capable of governing the affairs of the province in accordance with safe and sound business and economic principles. It is true that on the platform and in the pulpit it is the fashion at the present time to scoff and jeer at the principles of business and to sneer at judgment acquired by experience; but there is also a saying about the consequences of turning

ing a bull loose in a china shop, and it is a fact that there is something to be said about the benefits of maintaining law and order and the consequences of precipitating chaos in the affairs of men.

'Slams and Salaams'

By H. T. M.

Have you decided, yet, whether you're going to offer your brains, body, soul, services, "savage frolic," "savoir faire," etc., etc., as a Straight Conservative candidate, or a Conservative Union Suit, or a Liberal This-and-That, or a Labor Such-and-Such, or an Independent Non-chalant, or a C.C.F. Something-or-other . . . or don't you read about those sort of things?

I merely ask because . . . well, after all . . . it's the correct thing to do . . . so why take a chance on losing—any of your personal friends, your social position, or respectability, by not being in the present popular provincial political swim?

You're a fool if you don't—and it's all so nice and simple. Really, practically all you've got to do is ring up The Times or The Colonist and say: "Excuse me, My name's Bungleberry. Do you mind announcing that I'm going to run in the coming election. Yes, Bungleberry's the name. No, I'm not particular about what party. Anything will do, as long as it's bewildering enough to please the electors. Yes, yes. Thanks very much. What's that you said, My policy? My 'line'? What am I going to offer? Oh, dear, dear—I never thought of that! I thought that was unnecessary. So, how awkward! However, tell them I'll try and do something about unemployment, or tariffs, or capitalism, or socialism, or . . . well . . . anything at all, so long as it is as simple as possible. Goodbye. What? Where will my campaign funds come from? Well, I like that! How should I know? Outside influences look after that, as a rule—don't they? Yes, yes. Of course I'll do what anybody wants me to. Of course, of course! Thanks. Good-bye."

That's about all you've got to do to become a popular, potential parliamentarian, these days—and the situation's getting more and more comprehensible and nebulous, every second. It's getting pretty fuzzy, alright, alright—and all day long, "wise men of the West" keep coming striding into this humble office—each with a more majestic, magnificent, magnificent and miraculous "mental bewitchment" by which (and by which alone), this wretched country can be saved!!!!

My friends—those brainstorms at first burst forth in a series of profound gratitude for freedom and security which is our British inheritance from the great past, and a solicitude that it may be adequately guarded in this, our own day, that impels me to address you again on the subject of free government. I am very much disturbed by the counsel despatched to me to have gripped so many people of thoughtful mind, inclining to a disposition either to abstain from voting at all at the coming election—either to surrender the right to uphold the bulwark of our freedom—or to support theories, which in other countries have led to ruin, in this, albeit in the name of the people.

We are suffering from a combination of three maladies—a worldwide collapse which was not foreseen by our administrators, past mistakes, and unhappily, some degree of past corruption. In justice these three elements of the present situation should always be kept in mind when estimating the work of the recent Government of this province. Supposing "ideal local conditions" it would still be true that the ship of state is laboring through a terrific storm, in which the best skill is occupied in keeping it afloat.

So, Salaams in abundance, to Mrs. Christmas! I'd like to see the male or female of twenty-four, let alone seventy-four, with the nerve, courage, stamina and nonchalance of the lady in question. (Most of us turn tail-colored and get the jitters if one wheel freezes in the loose stuff on the edge of the Malahat—see how the doctor discovered a cracked bone, and some spectacular bruises!) (Please do not quote me, if you print this.)

"Yours truly, ???"

There's positively nothing to write out—so, how's your penmanship? And how's your neatness? And how's your laryngitis, bronchitis, meningitis, colitis, and angina pectoris? How's your "hang nail"? How's your bad spot? How's your mother, your father, your uncle, your aunt, your brother, sister, rain-bird, bow-and-arrow, Cheshire cat, pincers, tweezers, binoculars, binocles, pinnacles, monocles, bonnet, mannikins and pannikins—yes, yes, how are they all? I'm positively sure that you are most anxious to hear about them all. I heard they were leaving for the Bahamas, on the S.S. Sicilia, some Thursday. Please tell me that in respect, I have again been badly misinformed—and thank you.

A PROVISIONAL GOVERNMENT

Sir,—In view of the hopelessness and danger of this election, will you kindly permit me to amend my suggestion of September 15 to a more practical issue.

Premier Tolmie claims to place the welfare of the province before all other considerations. If so, may I suggest that, with the approval and consent of the Lieutenant-Governor-in-council, there be added to the ballot and opportunity for the electorate to signify whether or not they are in favor of a Provisional Government, consisting of the Lieutenant-Governor and heads of departments of the civil service.

As previously suggested, all borrowings and extraordinary expenditures to be submitted to the electorate as part of a complete annual budget system. The Provisional Government to function on a majority vote in favor of, and to remain in effect until such time as the Province shall be restored to a normal healthy financial condition. During the life of the Provisional Government the ordinary business of the Province to be carried on as in a no-government interim.

FREE GOVERNMENT

Sir,—It is owing to a sense of profound gratitude for freedom and security which is our British inheritance from the great past, and a solicitude that it may be adequately guarded in this, our own day, that impels me to address you again on the subject of free government.

I am very much disturbed by the counsel despatched to me to have gripped so many people of thoughtful mind, inclining to a disposition either to abstain from voting at all at the coming election—either to surrender the right to uphold the bulwark of our freedom—or to support theories, which in other countries have led to ruin, in this, albeit in the name of the people.

C.C.F. POLIGIES

Sir,—A few days ago I went to a lecture, on the terms of the C.C.F. I understood it was the aim of the C.C.F. to seize all property, such as bonds, stocks, mines, industries, all property, except homes and farms. For this seizure they would give all bondholders, stockholders and proprietors in come bonds. They would take over the banks and guarantee the deposits.

I only beg for a little common sense. Could these bonds be of any value whatsoever? In the ordinary way of business, bonds are floated and issued to the highest bidder. It may be Ames, Wood Gundy, or anyone else you like. They appraise the value of them and send in their bids accordingly. If the security is good, the bonds should be floated without difficulty. But who the dickens could take all the number of bonds that we would need to print for the face value of them to satisfy all the proprietors in Canada? We should need to print billions worth of bonds. Just watches from Paris.

FIFTY YEARS AGO TODAY

(From The Daily British Colonist of October 6, 1883)

Thinking and a scare—Yesterday morning, before daylight, a steamboat hand went down to Spratt's wharf and walked out on a plank which he thought communicated with a vessel which he visited to board. The plank, however, was merely placed on the wharf, and projected over the water, and the man was seen informed of this fact, as with an exclaiming yell, he found himself precipitated into the harbor. Officer Walsh, who heard the cry, hastened down and discovered him clinging to one of the piles under which the wharf. He threw a rope to the man, and soon had him safely on shore, wet and badly frightened, but unhurt.

Lampoon Broken—Yesterday, a horse attached to a biker's wagon received a scare and broke away. He rounded the Yates Street corner at Douglas Street, but the wagon smashed into a lamp-post and smashed it to the ground. It will be repaired today.

Cowshed Show—The Cowshed District Agricultural Show will be held on Thursday next, October 12, at Maple Bay. The farmers in this area have arranged an extensive show and many musical features will be introduced. It is expected a large group of Victorians will be present when the show opens.

Play to Open—The Holland Company will open tomorrow evening in "Our American Cousin," at the Philharmonic Hall. The interior of the hall has been more suitably adapted to stage presentations in the last few days.

Academic Awards Are Made at High School

Hing Hope Presented With Governor-General's Medal for Excellence in Matriculation Tests—Many Others Receive Prizes

Featured by the presentation of the Governor-General's medal to Hing Hope, who led the Victoria High School matriculation students in the June examinations of 1933, by Dr. S. J. Willis, superintendent of education, students of the local institution received awards for academic work during the past year in the school auditorium on Wednesday. Principal Ira Dilworth welcomed the guests.

An award was made to Douglas Chan, who won the English prize by securing the highest marks of all candidates from the Victoria High School in grammar, composition and literature. The presentation was made by Albert Sullivan, inspector of high schools. Peter Jones received the award for Chan, who is at present in Vancouver.

LOOSE BURSARY

Bernard Shipton, who last year was selected to receive the coveted "Leader" Cup, was the winner of the I.O.D.E. bursary, presented by Mrs. W. Curtis Sampson. Shipton stood second among all the students writing the junior matriculation in June in this district, and is now continuing his scholastic career at the Victoria College. Mrs. Sampson also presented Shipton with a book.

No Need to Fear Motherhood

MOTHERHOOD—the crowning joy of every woman's life—is the most beautiful experience life offers.

There is no need to approach motherhood with fear and dread. The period in a woman's life just before her child is born need not be a time of illness and anxiety.

At such a time, a woman needs all her strength. It is essential that she must keep in good health and good spirits. She should guard her health for the sacred and wonderful experience that is to be hers.

Dr. Pierce's Favorite Prescription does away with worry during pregnancy. It builds up the woman's system, giving her the proper mental outlook and physical well-being that will insure her safety later on.

This medicine nourishes the nervous system and strengthens the body of the expectant mother, which means, of course, that it is also strengthening the baby that is on the way.

At this time, more than any other time in a woman's life, her health is all-important. This tried and true prescription can be purchased at any drug store in either fluid or tablet form.

Read what Mrs. A. W. Ferguson, of 8 Wilson Ave., London, Ont., says: "Dr. Pierce's Favorite Prescription was of great help to me during pregnancy. I could not keep food on

my stomach, felt generally nervous and depressed, but the 'Favorite Prescription' corrected all this and helped me through this period in good health.

"My baby was unusually strong and healthy, and I give Dr. Pierce's Favorite Prescription the credit due it. The 'Prescription' had helped my daughter also for that tired, nervous, weakened condition."

Young women need not continue to suffer every month if they will take this Favorite Prescription. Dr. Pierce's—they will find periodic pains are overcome.

Every package of Dr. Pierce's Favorite Prescription contains a testimonial blank. Fill it in and mail it to Dr. Pierce's Clinic, Buffalo, N.Y., for free medical advice.

Bishop Is Attending Conclave

Rt. Rev. Gerald Murray, Bishop of Victoria, left for the East recently to attend a conclave of the metropolitan and bishops of the Roman Catholic Church in Canada, which is meeting this week in Quebec. On his way back to Victoria, where he is expected to arrive about the beginning of November, Bishop Murray will conduct preaching missions in Montreal, Toronto and Winnipeg. His Lordship is a member of the Redemptorist order, which devotes special attention to the propagation of the faith by means of the pulpit, and is himself rated a preacher of outstanding ability.

LIBERALS ONLY PARTY INTACT

Mrs. Paul Smith, Vancouver Pattullo Supporter, Addresses Audience Here

Maintaining that the Liberals were the only party that stood before the electorate intact, that theirs was the only platform at the present moment offering a practicable solution for British Columbia's problems, and that the party's policy of the past in respect of social legislation had been both humanitarian and economic, Mrs. Paul Smith, Liberal candidate for Vancouver, appealed to an audience in the Chamber of Commerce auditorium here, yesterday, to support Mr. Pattullo with their votes at the coming provincial election.

Mrs. Stuart Henderson, president of the Victoria Liberal Women's Forum, presided, and before the principal address of the afternoon, introduced the four Liberal candidates for Victoria: John Hart, W. H. Kinsman, J. B. Clearhue and Byron Johnson. Others on the platform were: Mrs. Hart, Mrs. Kinsman, Mrs. Johnson, Dr. Clearhue and Mrs. C. H. O'Halloran.

UTOPIAN AIR TRIPS

Mrs. Smith argued the greater effectiveness of practicable politics. The idealistic programme was nice to think about, but the practical man would not readily abandon all that was represented in past methods, "to take an air trip to Utopia."

Neither did she favor the entrance of independents into the campaign. Independents were ineffective in practical politics, a point which they themselves had evidently recognized by coming together in Vancouver, recently, to see if they could not decide on some policies in common.

What was characterized as a "propaganda of insinuation," had been going on in the province for the past two years. She attributed the "insinuation" to an effort to convince the electorate that the time had come for a Union Government, but this movement she described as a subterfuge, a "clever political strategy" on the part of the Government to keep themselves in office. Mr. Pattullo and his business man of the greatest integrity, he was endeared to the hearts of all who knew him and the city has suffered a great loss in his passing.

Walter Fletcher was introduced as a new member of the club. Committees reported on various activities. The "Varieties Review," which will be held under the auspices of the Rotary Club at the Crystal Garden on October 24. Announcement was made that final arrangements for this mammoth show, lasting five hours, were now complete.

SOCIAL LEGISLATION

Briefly she rehearsed something of the social legislation brought about by the Liberals during their regime, and added that when returned to power again, they proposed to add to this state health insurance and unemployment insurance.

Social legislation was economic as well as humanitarian, as money used in social legislation was spent at home and in settlement of domestic debts with local creditors, was one of the effective methods of distributing community wealth.

The problem today was not how to save money so much as how to spend intelligently. Business men themselves, although some of them objected to social legislation, immediately feel the effect of the closing down of money put into circulation by mothers' pensions and other forms of social legislation.

Treasury money was used in maintaining essential services, for social legislation, and in paying interest on debt. Without such a vociferous repudiation of provincial debts, Mrs. Smith thought benefits would result from the scaling down of the interest paid thereon. Britain had realized the value of circulation of money fed out through its social services, the \$300,000,000 paid out annually through these channels being spent by the recipients within England itself, to the advantage of all the businesses from whom the people purchased their commodities.

After repeated delays, the taking of evidence on a charge laid against George Lowe, a Chinese, of having the carcass of a deer in his possession without the necessary tags attached, as provided under the Game Act, was taken Wednesday in the Provincial Police Court. Stipendiary Magistrate Jay reserved his decision in order to more fully consider the matter.

F. L. Shaw appeared for the accused, contending that there was no ground for a conviction. The alleged offence followed the opening of the season. James Hogg, of Mill Bay, had taken out his licence at Duncan just before the opening, and owing to the Government agent not having submitted tags at the time, there was a note attached to the licence stating that two tags would be mailed him.

He shot a deer on the opening of the season and according to the evidence was sending it in to a Chinese resident of Victoria through the agency of the accused. The accused was stopped by game wardens and found with the deer without a tag. It was not until the following day that Mr. Hogg obtained the tags.

Mr. Shaw took the ground that there was no limit set for the attaching of the tag and that his client was ready and willing now to attach it. Mr. Hogg had a right to shoot the deer and the accused was not in possession of it. Sergeant Richard Hargrave contended that the accused was found in possession of the deer, and therefore, was guilty.

The remains of Mrs. Anne Ethel Chaffee were laid at rest in the family plot at Ross Bay Cemetery, Rev. Sidney H. Morgan, of St. Paul's Episcopal Church, Seattle, officiating, yesterday afternoon at 3 o'clock.

WOUNDED COUGAR FAILS TO ATTACK

Wild animals, when wounded, have been known to attack hunters who shoot them, but in one particular case, Sunday, at Cowichan Lake, a cougar broke the rule and Charles Hanstrum, a logger at the lake, is today not suffering as a result.

Hanstrum, while hunting in the district, Sunday, had occasion to cross a deep ravine by way of a forty-foot log. After crossing a considerable distance he discovered a nine-foot cougar had followed him onto the log. Turning with difficulty, Hanstrum fired, wounding it slightly, and in his excitement to fire a second shot, pumped his last shell out of the gun. He fled to the other side of the ravine fearing the big cat would give chase. However, snarling with pain, the animal turned and died the other way.

This story came to Victoria by Walter Colbourne, of 1424 Douglas Street, who was a considerable distance from Hanstrum at the time. Out of the Cowichan Lake district are coming many reports of the attacks of cougars. Hanstrum reported having seen several fine specimens of deer that had been attacked.

Notes on Aviation

Air lines in the United States employ approximately 6,000 persons, an increase of 800 over a year ago, the Department of Commerce reports.

The gasoline consumption by scheduled air lines for the first half of this year in the United States was 12,500,000 gallons, and oil consumption of 470,000 gallons.

Airplane fares are now substantially less than they were in the days of slower service, as the average cost of the trip in continental United States is 61 cents a mile, whereas it was 12 cents a mile in 1926 and 10.6 in 1927, 11 in 1928, 12 in 1929, 8.3 in 1930 and 6.7 in 1931.

The largest single order ever given to an airplane factory for multi-engine passenger planes has been completed by the Boeing Airplane Company with delivery of the sixteenth plane in a fleet of three million-dollar Wasp-powered ten-passenger.

WILL LECTURE ON ASTRONOMERS

Charles Hartley, M.A., to Address Local Society Tonight on Brahe and Kepler

"Two Great Astronomers: Tycho Brahe, the Great Observer, and Kepler, the Great Calculator," will be the subject of an address by Charles Hartley, M.A., at the second of the Autumn meetings of the Victoria branch of the Royal Astronomical Society, at the Y.W.C.A. tonight.

The lecture, which will be illustrated by lantern slides, will tell how Brahe tested the theories of Copernicus, who died three years before the birth of Brahe. After many years of patient study, he finally rejected the theories of Copernicus, but it remained for Kepler to take Brahe's observations and form them to confirm Copernicus's views, thus formulating the true laws of the solar system.

BRIG. BEEMAN EN ROUTE EAST

Will Become Officer Commanding Military District No. 10 at Winnipeg

Brig. W. G. Beeman, D.S.O., R.C.A., who was district officer commanding Military District No. 11 during the last two months, left on the midnight boat Wednesday, en route to take over his new duties as officer commanding Military District No. 10, with headquarters at Winnipeg.

Brig. Beeman will relieve Brig. T. V. Anderson, D.S.O., B.Sc., who will proceed to Toronto as D.O.C. of Military District No. 2, which has been left vacant by the transfer of Major-Gen. E. C. Ashton, C.M.G., V.D., who will take over the local command.

Before Brig. Beeman left last night, he dined at the Union Club with the new commanding officer, Major-Gen. Ashton.

MADE BELGIAN CONSUL IN CITY

C. H. O'Halloran Succeeds Late W. S. Terry in Victoria Consular Post

C. H. O'HALLORAN

C. H. O'Halloran, barrister of this city, has been appointed Belgian consul in Victoria. He was announced yesterday by Mr. John Van Rieckstal, Belgian consul general at Vancouver. Mr. Rieckstal said the appointment had been approved by the Belgian Government, and would take effect at once. Mr. O'Halloran succeeds to the position held by the late Wallace S. Terry, who filled the consular post with distinction until his death.

Mr. Rieckstal paid a sincere tribute to the memory of Mr. Terry, and said that his passing was learned with great regret by the Belgian Government, whom he had so ably represented over a long term of years. Mr. O'Halloran was selected from a number of men under consideration for the Victoria post.

In making the announcement, Mr. Rieckstal said that Belgium was moved by the fact that Victoria is the provincial capital, and that while the volume of trade between this port and his country is not great at present, all indications point to growth of commerce on the Pacific.

Viewed in the light of prospective opportunities in the future, it was considered good business to maintain active representation here on behalf of the Belgian Government, he concluded.

FIVE PERSONS VIEW SERPENT

Continued from Page 1

ing tandem fashion, through the water. While one put his head up to scratch on the barnacles, the other put his head down to catch fish, they aver.

The pro-serpent school cite with a good deal of circumstance, the continuous length of the creature seen, its snorts and hissing, and the green-colored sheen of its sleek, long sides. They also point to the spikes on the back, and to the underling jaw, like a camel's, as entirely apart from the customary appearance of a British Columbia sea lion, or even two of them.

CIRCUMSTANTIAL EVIDENCE

And there, to some extent at least, the matter rests. Between its appearances in 1932 and 1933, the Victoria sea-serpent has changed practically nothing about its appearance.

Mr. Kemp, who is a reputable member of the Provincial Archives staff, with his family the Chatham Island a year ago, saw its entire length on the surface at one time, describing its sloping head, serrated back, and tail tooled like a saw.

Mr. Langley, who is a law clerk of the Provincial Legislature, saw only a portion of the creature at one time, but noticed similar markings, and heard in addition loud noises, akin to grunts and snorts, accompanied by a hissing.

But for the fact that this is 1933, both men might have been describing a remarkably well preserved specimen of the giant fish lizard family of prehistoric days. These ranged from a few feet to seventy feet in length, it seems, but had arms and legs with which they could and did crawl upon the land on occasion.

The Victoria sea monster, no doubt due to changes in his Twentieth Century environment, has no arms or legs, and if desirous of proceeding on land would require a truck, or a flat car. This, however, is quite in keeping with modern progress, and more strictly in accord with the tradition of sea monsters that they are serpents, without pedal extremities.

The hissing, of course, is entirely orthodox, and again points to the serpent, which is the Victoria's latest marine sensation.

SHIP ENGINEER BADLY INJURED

M. Payne, of Vancouver, Still Unconscious—Fractured Skull in Fall

M. Payne, of Vancouver, who suffered a fractured skull in an accident at the Ogden Point docks, yesterday, was still unconscious in the St. Joseph's Hospital, early this morning, hospital attendants reported. His condition is described as serious.

Mr. Payne is chief engineer of one of the C.N.R. car barges. He was found unconscious on the dock by other employees, early yesterday morning. Just how the accident occurred has not been determined. It is known, however, that he fell from one of the cars on the barge, which had been shifted from Point Ellice terminal to Ogden Point.

The injured man was taken in the C. & C. ambulance to the hospital, where he was attended to by Dr. J. H. Moore.

REPORTS RECORD LOW BAROMETER READING

SYDNEY, N.S.W., Oct. 5 (AP).—What was claimed here to be a new record low barometer reading at sea was reported by the steamer Somers, set today as 27.32 inches, registered when she was caught in a tropical cyclone between New Zealand and Cape Horn.

HER CHILD'S SCREAM!

Nothing strikes such terror into a mother's heart as the scream of her child. Instantly she has a mental picture of pain—perhaps serious injury. Her first thought is—where is the child? But what if the child has been used up and not replenished? Think of her feeling of chagrin, despair, of downright fear.

Every mother knows that grand healer—Zam-Buk—knows, great value in cases of burns, scalds, cuts, bruises, etc. As such accidents happen and always without a moment's warning, every wise mother keeps a box of Zam-Buk—handy for emergency use.

Zam-Buk is not only an ever-ready aid and comfort, it performs the three-fold functions of keeping out disease, soothing pain, and healing damaged tissues quickly and cleanly. No chemist's stuff, no ointment can ever take the place of this unique herbal Zam-Buk. Renew your supply at once.

City and District

Warrant Issued—Charles W. McKenzie, charged in the city police court with having beer for sale, failed to appear in answer to the summons yesterday morning. A warrant for his arrest was ordered.

Sanich C.C.F. Meeting—In Little Hall, Cordova Bay, a meeting of the Sanich C.C.F. will be held tonight at 8 o'clock. The speaker will be W. E. Pearce, Sanich C.C.F. candidate. The public is invited.

Credit Grants to Meet—The regular meeting of the Credit Granters' Association will be held today at 12:10 in Spencer's dining room. Mr. J. R. Scooby, of the Dominion Bank, will be the speaker.

Fine Is Paid—The fine for not stopping when driving into an arterial highway, which was assessed against Mrs. F. Smart a week ago, has been paid. The accused, when fined, protested she would go to jail rather than pay the fine.

Oak Bay Liberals—An election meeting will be held by the Victoria Liberal Association at St. Mary's Hall, Oak Bay, tonight at 8 o'clock. The four Victoria candidates and Carey Martin will be the speakers. The public is invited.

Will Announce Winners—Names of winners of the essay contest conducted by the Victoria branch of the Royal Astronomical Society during the Summer will be made public at a meeting of that organization at the Y.W.C.A. tonight.

Voters' List—Registration of names on the city's voters' list reached the 955 mark yesterday. Last year 949 persons registered up to the same date. The list will be closed at 5 p.m. on October 31. Registrations may be made in the city clerk's office.

Silent Tribute—Members of the Trades and Labor Council last night paid a silent tribute to the late Major W. C. Angus, after Harry Owen, president of the council, had spoken briefly on the loss suffered by the community as a whole and by labor through his death.

Smoked Arranged—The first in a series of winter smoking concerts will be held this evening in the Britannia Branch at 8 o'clock. Perry Payne, chairman, has arranged a splendid programme for the first offering, and all members are requested to attend.

Purse Snatching—Mrs. C. Stickle, 217 Cook Street, had her purse snatched from her by a youth while walking along Douglas Street near the Crystal Garden Wednesday evening, police reported yesterday. An investigation of suspected juveniles is now being made.

Public Works Committee—A meeting of the public works committee of the City Council will be held at 2:30 o'clock this afternoon. The only item of business on the agenda so far is a protest from residents in the North Park district against a noise nuisance.

Y.M.C.A. classes for Monday will be cancelled in observation of Thanksgiving, although play periods will be held in the gymnasium. The swimming pool will be open throughout the day, and the volleyball ball.

Little Bedtime Stories

Curiosity Makes a Friend

By THORNTON W. BURGESS

If Peter Rabbit had not been sulky he never would have been so ungracious to little Nimbheels. It wasn't at all like Peter. No, sir, it wasn't at all like Peter. Never before had he been known to refuse the hospitality of the dear Old Briar Patch. He didn't actually refuse it this time, but he was so ungracious in giving little Nimbheels permission to go and the night there that he might just as well have refused. And it was all because Peter had been beaten in jumping, beaten by this same little Nimbheels.

"If that is the way you feel about it I'll hide in the grass out on the Green Meadows for the night. I'm sure I won't want to intrude," replied Nimbheels.

"What's that?" demanded Peter before he remembered that he wasn't going to talk to anyone. "What's that?" asked Nimbheels, looking all about him as if he expected to see something very strange.

"That word—intrude," replied Peter.

Nimbheels sat up facing Peter and his little eyes twinkled. "Intrude means to go where you are not wanted," he replied promptly. "It is a sort of polite word. Don't you think it sounds nice?"

"What's that?" asked Peter. "When people are told to keep out of sight it isn't necessary to tell them that they are not wanted," replied Nimbheels with a great deal of dignity for such a little fellow. He looked so funny that before he thought Peter laughed right out. With that laugh away went the sulks. Sulks disappear before laughter just as mist disappears before the sun.

"I'm sorry," replied Peter. "I was feeling a little out of sorts. Now I feel better. I will be very glad to have you stay in the dear Old Briar Patch as long as you want to because I want to know you better. You will be safe here tonight and we'll get really acquainted. You see, there is a lot I want to know."

"About what?" asked Nimbheels, looking surprised. "What do you want to know that I can tell you?"

"A lot of things about yourself," replied Peter promptly. "You see, I don't know a thing about you excepting that you are a cousin of Danny Meadow Mouse and that you are the most wonderful jumper on the Green Meadows. I am ashamed that I acted so because you beat me. You see, you are such a little fellow that it really never entered my mind that you had the least chance in the world of beating me and when you made such a wonderful jump it quite upset me."

"That wasn't much of a jump," said Nimbheels before he thought how it would sound. Then he looked very much ashamed.

"Not much of a jump!" exclaimed Peter as if he couldn't believe that Nimbheels had meant to say that.

"Not much of a jump!" exclaimed Peter as if he couldn't believe that Nimbheels had meant to say that.

Women's Organizations and Activities

Catholic W.L. Plans Winter Of Activities

At the close of the business session of the Victoria subdivision of the Catholic Women's League held on Wednesday evening in the parish hall, Mrs. George Roberts, mother of Father Roland Roberts, lately ordained priest, was honored by the membership with an address and a gift of a silver flower basket with red carnations and maidenhair fern. Mrs. W. C. McManus, the president, offered the congratulations of her assembled associates, and their appreciation of the untiring devotion

of Mrs. Roberts in all the activities of the league during a long term of years. Mrs. McManus in conclusion read a poem by Marcellus Foltz, C.P.P.S., "Prayer of a Mother on Her Son's Ordination." Mrs. Roberts acknowledged with gratitude the gift and the charmingly-expressed sentiments of the president, and of the poet.

Rev. Father Albury, chaplain of the subdivision, was present for the opening prayer of the meeting, and spoke briefly upon the objects of the league, as well as upon the objects of the Catholic Church, and the message from the local council concerning the availability of the early framing of any resolutions to be presented to the council this year.

DELEGATES NAMED
Delegates were appointed in the persons of Mrs. Sealing and Mrs. Kennedy, to attend the annual meeting of the Women's Workroom, and a donation to the funds of the workroom was voted.

Mrs. O'Neill, corresponding secretary, read an invitation from the ladies of North Saanich to attend a military five hundred and social on Tuesday evening, October 24, in Stacey's Hall. Mrs. McManus announced that the subdivision would be responsible for the corner at Kresge's during the day for Queen Alexandra's bazaar on October 14.

The report of the treasurer, Mrs. Gavin, was given and a new member,

Mrs. Coleman, was welcomed to the meeting. Mrs. G. Fraser, reported for hospital visiting at St. Joseph's and the Aged Women's Home. Mrs. Brian as appointed visitor for the coming month.

The annual diocesan convention of the Catholic Women's League will be held in the Church Hall of Our Lady Queen of Peace on October 25. The sessions will be at 2:30 p.m. and at 8 p.m. Supper will be served by Esquimaux, and they are asked to communicate with Mrs. Duncan at their earliest convenience. Mrs. Blair brought a message from the local council concerning the availability of the early framing of any resolutions to be presented to the council this year.

SOCIAL FOR MEMBERS
It was decided to hold in the parish hall on Wednesday next the social for members, which was unavoidably postponed. Mrs. de Blaquiere will be hostess for the evening. An afternoon and evening card party for funds will also be held at a date to be announced.

The annual bazaar dates were finally determined and will be December 4, 5 and 6, afternoon and evening. The various stall holders and committees were named. A vote of sympathy to the family of the late Mr. Daniel O'Sullivan was unanimously passed.

The illness of Mrs. McLernan, the secretary, was referred to with sympathy and messages were sent to her from the meeting. In the report on education, it was noted that two of the students of St. Ann's Academy, Kathleen Down and Lily Conroy, had won two first and two second prizes for poster designs in the Provincial Exhibition at the Willows. Refreshments were served.

WEST SAANICH
The West Saanich Women's Institute held a bridge party at the home of Mrs. J. Haddon, Clark Avenue. The funds will go towards the cedar chest, which will be disposed of at the Christmas bazaar. Those winning prizes were Mrs. J. Roberts, Mrs. E. Miles and Mrs. E. Anderson. Refreshments were served by the hostesses, assisted by the institute members.

SOOKE
The monthly meeting of the Sooke and North Sooke Women's Institute was held at the home of Mrs. W. Bremner, Mrs. H. Slack, the president, was in the chair. It was decided to hold a children's bazaar on October 31, at Sooke. Mrs. Slack and Mrs. W. Cairns. The sum of \$10 will be given to the Esquimaux Rural Nursing Service. Mrs. E. Clarke and Mrs. O. Pedrickson were appointed delegates to the annual conference, to be held October 11 and 12, in Victoria. It was decided that persons holding books from the library over a period of three weeks will be required to pay a fine of one cent per day. The fortnightly military five hundred card party will be held Wednesday, October 11, at 8:30 o'clock, in Sooke Hall.

Clubs-Societies

Central W.C.T.U.
The October meeting of the Central W.C.T.U. was held yesterday afternoon, when an inspiring devotional period was given by Mrs. C. C. Spottford. Mrs. J. S. Patterson gave a vocal solo, "The Gift," and was accompanied by Mrs. L. Robinson. A resume of the Golden Jubilee W.C.T.U. convention was given by Mrs. Wilkinson, in which she stated that an interesting feature was the reminiscence of fifty years of W.C.T.U. work by Mrs. Spottford, of Victoria; Mrs. A. Lamm, of Vancouver; Mrs. C. L. Lamb, of Chilliwack, and others who gave good accounts of the beginning by Frances Willard in the United States, and later in other parts of the province. The difficulties and achievements made a thrilling and romantic story. Among the achievements were: In 1884, a petition was forwarded to the House of Commons for women to have the privilege of balloting; the present Y.M.C.A. Temperance Educational School; W.C.T.U. Halls, built largely through the efforts of Mrs. David Spencer, and the first hospital of women on the Mainland. Mrs. F. W. Lang reported on the resolution.

Queen Alexandra Review
Queen Alexandra Review, W.E.A., met at the New Thought Hall, recently, with the president, Mrs. Mabel Burnett, in the chair. Health Supervisor, Le Gallais, in the chair. The New Thought Hall, on October 18, the order stood in silence one minute in deep bereavement at the death of Ella J. Pitfield, former supreme medical examiner. The annual banquet will be held at the Chamber of Commerce, on October 16, at 6 p.m. The meeting, social and card game will be held later, at the New Thought Hall. It was also decided to hold a sale of work on November 20. The general convenor will be Miss Annie Reid. Refreshments were served.

Oak Bay United W.A.
Arrangements for a reception and afternoon tea were made at the monthly meeting of the Women's Auxiliary of the Oak Bay United Church yesterday afternoon. The affair will be held on the afternoon and evening of Friday, November 10. Tea will be served in the afternoon and home cooking will be featured. While in the evening music and games will be included in the programme. Mrs. A. J. Gerry, the president, was in charge of the meeting, while the devotional period was led by Mrs. G. B. Switzer. Sympathy was extended to Mrs. Lewis in her recent bereavement.

Bowling Club
The Burnside Bowling Club weekly card party held at Hampton Hall, was a very pleasant affair, the following being the prize winners: Mrs. Mercer, Mrs. Eastman and Mrs. Hudson; Mr. Eastman, Mr. Alex Stewart and Mr. Patterson.

St. George Society
The Royal Society of St. George held its monthly meeting at the Western Dancing Academy, with a dance and bridge party. The prizes for bridge were won by M. Holzer and Mrs. Sartin. These were presented by Mr. Herbert Anson.

With good music and an excellent floor, dancing was much enjoyed. The ladies' auxiliary served refreshments. The next meeting of the society will be held early in November.

St. Andrew's W.M.S.
At the home of Miss Gertrude Scott, Pandora Avenue, the regular monthly meeting of the Young Women's Missionary Society of St. Andrew's Church was held Tuesday evening, Mrs. W. G. H. Firth presiding. The feature of the meeting was a very enjoyable talk on the education of girls in China, by Miss Clara Lee, who also showed pictures of her native city.

Loyal True Blues
Capital City 303 Loyal True Blues will meet tonight at 8 o'clock in the Orange Hall, Courtney Street. Following the close of the sessions all friends of the members are invited to a social, which will include cards, dancing and singing. Refreshments will be served by the social committee.

Weddings
ANDERSON-DUFFY
A marriage of much interest was solemnized at the Bishop's Palace, View Street, on Wednesday, when Miss Hertha Duffy became the bride of Mr. Paul Anderson, both of Victoria. The bride, who looked lovely in her white georgette dress, carried a bouquet of arbutus, pink carnations, and was attended by Miss Isabel Rand as bridesmaid. Mr. Harry Ball supported the groom. A reception was held at the home of Mr. Paul Anderson, 2014 Marion Road. Mr. and Mrs. Anderson, after a brief honeymoon, will reside in the city.

TERVO-CANAVAN
A quiet wedding took place in Vancouver, on Wednesday evening, when Miss Elsie Canavan, only daughter of Mr. and Mrs. Francis Canavan, 3562 West Thirteenth Street, Vancouver, became the bride of Randolph Wilfred Tervo, younger son of Mr. and Mrs. C. A. Tervo, 2940 Foul Bay Road, Victoria. The ceremony was solemnized at the manse, West Point Grey United Church, by Rev. Bruce Gray, formerly of Victoria. The bride was attended by Miss Clara Tervo, and the best man was Mr. Calvert Richards, both of this city. The bride is a member of the Canadian senior basketball championship team of 1931. Mr. and Mrs. Tervo will make their home in Victoria, where Mr. Tervo will enter business.

NANAIMO, Oct. 5.—Three new members read the declaration and were welcomed into Bastion Chapter, I.O.D.E., at the monthly meeting, at which Mrs. C. H. Barker presided. Arrangements were completed for the semi-annual convention of the provincial chapter, which will open for two days here, in the Hotel Malaspina, September 17 and 18. Reports showed that the chapter was looking after seven underprivileged children and that a Christmas fair will be held October 28. Interesting reports were read by conveners of education, child welfare and Girl Guides.

PERSONAL ITEMS and SOCIAL HAPPENINGS

Many Attend Orphanage Pound Party

An abundance of donations and the sum of \$70.25 was realized from the annual pound party held yesterday afternoon by the Protestant Orphanage, at the home on Cook Street. More than 100 persons attended, and were shown through the home by Messrs. Harkness, Harker and S. O. Sherwood.

The president of the ladies' committee, Mrs. P. H. Walker, assisted by Mrs. R. T. Elliott and the matron, Mrs. Harris, received the guests, and Mrs. E. M. Brown, Mrs. H. Calvert and Mrs. W. H. Dinmore received the donations, while Mrs. P. C. Dillabough was in receipt of customs.

Tea arrangements were conveyed by Mrs. Walter Loney and Mrs. Angus McKeown, the tables being most attractive with yellow tapers in silver holders. Michaelmas daisies and Goldenrods were the flowers used. Presiding at the tea were Mrs. D. C. Hughes, Mrs. O. M. Brown and Miss A. Murray, while Mrs. E. Heddie, Mrs. J. Cox and Mrs. R. P. Knott assisted with the serving.

Anglican Young People

At the last meeting of St. Luke's A.Y.P.A. it was decided to hold a card party on October 17, in the parish hall. All members are asked to make a special effort to attend the Harvest Festival services and special tea week-end. The next meeting of the association will be Friday, October 13, at 8 p.m.

CONGREGATIONAL SOCIAL

The James Bay United Church will hold a congregational rally and social tonight, at 8 o'clock, at the church. The work of the Young People's Society and the Sabbath school will be presented. An address on church and state will be given by Mr. L. Dillworth. There will also be a programme of vocal and instrumental music.

Y.P.S. Activities

Centennial
The regular meeting of the Centennial Y.P.S. was held recently in the church parlor, with the president, Mr. Samuel Swetnam, in the chair. During the business period, members of the badminton club were informed that the gymnasium would be available on Tuesdays and Saturdays all evening. It was announced that the next meeting, in charge of the intellectual committee, would be a surprise meeting. An announcement was also made regarding the tennis club concert, to be held on October 27. Rev. John Robson gave a very instructive address on "The Meaning of Religion." The meeting closed with a prayer by Rev. C. G. Mackenzie and the Misses' benediction. The first regular meeting of the Centennial Young People's Study Group was held on Sunday, after the evening service. Rev. C. G. Mackenzie addressed the group on the subject, "What Constitutes a Prophet?" Next Sunday the theme of prophecy will be continued.

KNOX

The Knox Presbyterian Young People's Society recently held a large number of members present and several visitors. Professor E. M. Straight, of the Dominion Experimental Station, Saanichton, gave an interesting talk on the "Honey Bee." Mr. Straight brought with him a colony house, a bee veil and the tools used in bee work, which particularly interested everyone as they could see the bees actually at work on the honeycomb.

The president, Miss Louise Patterson, thanked Mr. Straight on behalf of the society. Mr. Straight then gave everyone present a generous helping of the comb-honey, and the social committee served hot biscuits and tea. Next Monday the society will meet as usual at 8 p.m. and after a business meeting, some interesting pictures will be shown of different parts of Canada.

Tea Planned By Society For Animals

It is five years since October 4 was held as a fitting occasion for the observance of World Day for Animals, being dedicated to the memory of the gentle St. Francis Assisi. The local anti-vivisection being asked to co-operate, immediately took hold of the idea and started it in Victoria, with marked success. Each year sees it more firmly entrenched in the minds of Victorians.

The society will hold its customary silver tea at New Thought Hall, Port Street, tomorrow, from 3:30 to 5:30 p.m., and so popular have these functions become that a large attendance is expected.

MANY FEATURES

The card party will be in charge of Mrs. and Miss Skilton, Miss N. Wyles and Miss Landman, superintending the superlatives. Many attractive and so popular have these functions become that a large attendance is expected.

The card party will be in charge of Mrs. and Miss Skilton, Miss N. Wyles and Miss Landman, superintending the superlatives. Many attractive and so popular have these functions become that a large attendance is expected.

WILL BE GUESTS

The children who were prize winners in the society's competition, "Our Duty to Animals," will be the guests of the society at tea after the distribution of prizes. Those invited are Phyllis Beechins, Wale W. Driver, Vera Knight, Barbara Wilton, Eleanor Woodward, Thelma Ashdown and Neville Cull. Extra prizes are being awarded to the contestants tied. His Worship the Mayor will distribute the prizes.

The slogan for the celebration on behalf of animals is "Think, Speak, Act," and the silver tea gives a fine opportunity to all sympathizers to carry out these ideals. Donations may be made to the secretary, Miss D. Kitch, 315 Sayward Building.

ARRANGE WHIST DRIVE

The Poul Bay Community Association will stage a whist drive in Margaret Jenkins School auditorium on Friday, October 13, at 8 o'clock.

Is on Dance Committee

MISS Ines Carey, who is on the general committee arranging for the ball to be held at the Empress Hotel on Friday, October 27, by the Junior W.A. of the Jubilee Hospital. Arrangements were made at a special meeting of the auxiliary yesterday morning with the president, Mrs. K. R. F. Denniston, in the chair. A six-piece orchestra has been engaged which will provide a varied programme of latest dance numbers from 9 p.m. until 1 a.m. A buffet supper will be served. The committee appointed are: General, Mrs. H. S. Beckton, Mrs. W. B. Wilson, Miss Ines Carey, Miss Dorothy Kennedy and Miss Mary Lou Ross; tickets, Mrs. G. B. Williams and posters and advertising, Miss Jean Campbell.

The Poul Bay Community Association

held at their last meeting to hold a dance every month during the Fall and Winter seasons, to raise enough money to give them a start at their gymnasium. Tonight, from 8 to 10 o'clock, a dance will take place, with a popular orchestra in attendance.

Standing Tribute Of Bereavement Is Given by Chapter

A standing tribute to the memory of Mrs. Brice, an old-time member of the St. James and Lady Douglas Chapter, I.O.D.E., was passed by the members at the monthly meeting yesterday, and sympathy was expressed with her daughter, Mrs. George Bushby, and other members of her family. The chapter sent a wreath for her funeral.

Suggestions were considered for the November historical gathering, which this year, will be held on November 20, the nineteenth falling on a Sunday. Sympathy was expressed with sick members, among whom were the secretary, Mrs. Frank Richardson, Mrs. Barrowclough, Mrs. Walter Burton and Miss E. C. Moore.

NEW OFFICER

The newly-appointed educational secretary, Mrs. F. G. Berton, was given a cordial welcome, and expressed her pleasure at being engaged in the educational work of the order, which was the chief work of the Dawson Chapter, of which she was a charter member when the chapter was formed in 1913. Mrs. Berton suggested an excellent magazine for school presentation—"Animal Life"—and a public relations calendar were ordered.

The report of the municipal chapter was given by the echoes secretary, Mrs. A. M. Boyd. The chapter voted a monthly donation of \$1 to the Red Cross Workshop, following a suggestion made by Mrs. R. B. McKicking, honorary regent. Miss McMullin was authorized to convey the good wishes of the chapter to the Lady Douglas Girl Guide Troop on their nineteenth birthday.

REPORTS RECEIVED

The reports of the travelers' aid of the Y.W.C.A. and the provincial chapter summary were received, and the regent, Mrs. C. G. Cummins, was appointed to represent the chapter at the semi-annual meeting of the provincial chapter in Nanaimo, October 18. Miss E. B. Hill, standard bearer, will also attend the meeting. Any member desiring information with regard to transportation and hotel arrangements is asked to communicate with the regent.

Miss Josephine Crease read

the report given by the national educational secretary at the recent international meeting, which proved to be of great value. Previous to her departure from Victoria, Mrs. Crease was entertained by the executive of the chapter at Mrs. C. T. Teasdale's and a traveling purse was presented to her as a mark of loving regard and appreciation of her helpful work.

BRIDGE TEA

Final arrangements were made for the chapter's bridge tea, to be held in Spencer's dining-room on Tuesday, October 10, at 2:30 p.m. The tables already announced, the following have reserved tables: Mrs. Dunbar, Mrs. Swire Mitchell, Mrs. Morris, Mrs. Jenkins, Mrs. Shaw, phone 6 6998, will be glad to hear from anyone desiring to reserve a table. Play will commence promptly at 2:45, and tea guests will be welcomed about 4 p.m.

Quiet Wedding Solemnized at Patricia Bay

Ruth Melimoy, eldest daughter of Mr. and Mrs. G. Melimoy, well-known pioneer family of North Saanich, and granddaughter of the late Mr. J. T. Melimoy and Mrs. M. A. Mills, was married to Mr. Thomas Parkinson, native son of Nanaimo, at Holy Trinity Church, Patricia Bay, on Wednesday at 3:30 p.m. Rev. T. M. Hughes officiating. The parents of the bride were married in the same church, and the land on which the building stands was given to the church by the bride's grandfather, the late Mr. M. A. Mills.

Nurses to Go To Vancouver For Sessions

Four Victoria nurses, Miss Herbert, president of the Graduate Nurses' Association here, Miss Edith Franks, who has charge of the nurses' registry; Miss Maude Mirfield, of the Beachcroft Nursing Home; and Miss Lena Mitchell, supervisor of nursing at the Jubilee Hospital, are leaving today for Vancouver to attend the Autumn meeting of the Graduate Nurses' Association of British Columbia, to be held tomorrow in the auditorium of the Vancouver General Hospital.

At this meeting there will be sessions on public health nursing, private duty nursing, and nursing education. As convener of the section on nursing education, Miss Mitchell will take an important part in the proceedings, and will contribute a paper in addition to presiding at this section's meeting. Miss Mirfield, as convener of the private duty section of the provincial association, will also have a responsible place in the meeting. Miss Franks is the Victoria convener of the press and publicity committee.

The special speaker at the Vancouver gatherings will be Miss Ethel Johns, editor of The Canadian Nurse. In the afternoon she will speak at the general business meeting, her subject to be "Common Ground." Again in the evening she will speak at the banquet in the Hotel Georgia.

Novelty Social Planned Tonight

A novelty social will be held in Knox Presbyterian Church, Stanley Avenue, this evening at 7:30 o'clock. It will take the form of a cafeteria social and will be a get-together for the congregation and friends. A good programme has been arranged by Mr. L. Partington, the organist.

Soroptimist Club

Hears Address by Vancouver Member

The regular supper-meeting of the Victoria Soroptimist Club took place in the private dining-room of the Y.W.C.A. on Tuesday, Mrs. Edith Clark member of the Vancouver Soroptimist Club, was guest speaker, and Mrs. H. P. S. P. Luitell was a guest.

Mrs. Clark spoke chiefly of the power of the women of China in the life of that country; the fact that such a large amount of its business is controlled by women. Chinese women are remarked upon by merchants from all over the world, who find that in doing business in China they so very frequently must deal with women. While still in their teens, Chinese mission-trained girls are capable of going out to teach and manage schools.

The fine character, poise and strong sense of responsibility being displayed by women of China today plainly points to its future resting in their hands. Recently police examinations were opened to women in one of the Chinese cities, and Mrs. Clark learned that all women candidates acquitted themselves well, and bears the title of "Lady of Golden Business."

No More Piles

You Can End Your Awful Misery
Quick Without Cutting or Salves

Thousands of Pile sufferers do not know that the cause of their internal—bad circulation of blood in the lower bowel.

That is the scientific truth about Piles—the real reason why salves and suppositories do not give permanent relief, why cutting does not remove the cause.

Your itching, bleeding or protruding Piles will only go when you actually remove the cause—and not one minute before. External treatments can't do this—an internal medicine should be used. HEM-ROID, the prescription of Dr. J. B. Leonard, sold by good druggists everywhere, succeeds because it stimulates the circulation, drives out congested blood, heals and restores the almost dead parts.

Dr. Leonard's HEM-ROID has an almost unbelievable record of success right in this city. So why waste time on external remedies or worry about an operation when MacFarlane and Vancouver Drug Co. invite every Pile sufferer to try HEM-ROID with guarantee or money-back if it does not end their Piles, no matter how stubborn the case?

War between Japan and the United States would appear to be inevitable, in the opinion of Upton Close, who arrived in Victoria yesterday morning from the Orient via Hawaii, where he joined the Canadian-Australian liner Aorangi.

"This is not because of any militant spirit possessed by the people of the United States, but mainly because Japan desires it," he said.

"The utterances of their spokesmen when abroad and their public addresses in their own country are entirely at variance. Here in what I told the people of Osaka," stated Mr. Close, exhibiting a clipping from a Japanese paper. "You know what he said about peace at the Banff Conference."

"People who are not living in Japan or have not come in contact with the Japanese do not realize the seriousness of the situation. At the present time Americans residing in Japan are living on 'pins and needles'."

"When do you expect this war will break?" Mr. Close was asked.

"By 1935," he replied. "The treaty affecting disarmament and the present ratio of naval strength will expire then. Maybe it will come before that time; for Japan, if her militaristic-minded leaders are reasonably sure of success, will not hesitate to ignore agreements any more than was done in connection with the League of Nations covenant, to which Japan was a party."

"Japanese leaders cannot back down now, even if they wanted to. They have got to go through with the policy they have embarked upon. The people have been led to believe that the future of Japan is bound up in the domination of China and the Pacific. They have become inflamed to such an extent by the propaganda, which they are so astutely disseminated among them, that there will be no peace for anyone until the doctrine of arbitrating questions by force of arms is given its supreme test."

"Other nations may build navies and increase their military strength for defence solely," Mr. Close continued. "Not so Japan. A great navy and a great army are for purpose only, so far as the Japanese are concerned—for use. It was thought that Japan would be bankrupt long before this, on account of her military campaigns in China, but she continues to finance her military programme through trade channels, at the expense of other countries, principally Great Britain."

As an illustration of the extent to which propaganda is fostered by the ruling powers of Japan, Mr. Close stated that the Buddhist priests are telling the people that the stars portend a favorable time for Japanese success, no matter what the direction, and on account of the press services and representatives of the great journals in Japan are having a hard time of it. It is impossible to get anything out of the country in the way of news, unless it is favorable to Japan. If he would be told to leave the country at short notice. Naturally, the news agencies want their men to remain, so they make the best of the situation."

Mr. Close did not think travel to the Orient countries would prove very brisk while the present tension lasts. Consequently he thinks Hawaii is a splendid place for vacationing in a holiday resort for people from North America in winter time.

The Saturday Evening Post and The New York Times. He has a good grasp of affairs in the Orient, and is the author of a number of books dealing with Far Eastern history of Asia, among them "The Revolt of Mongolia," "Outlines of History of China" and "Eminent Asians."

Stork Is Aided by Skipper

MIDWAY between Honolulu and Yokohama, at 2 o'clock in the morning, Capt. Fred E. Anderson, master of the Dollar liner, a passenger, a boy, came along "to leave to." A few minutes later the ship's surgeon Dr. W. M. Brown, assisted by Nurse Helen Constantine, introduced the young man to his parents, Mr. and Mrs. Edward Leo, of San Salvador, who announced the new arrival would be called Anderson Hoover Leo in compliment to the captain and the ship. The grizzled skipper is pictured holding his namesake.

DISCOVERYSir Reginald Skelton, Dis-
tinguished Naval Officer,
Passed Through Victoria

Returning home to London after an extended visit to New Zealand, where Lady Skelton's relatives reside, Engineer Vice-Admiral Sir Reginald Skelton, R.N., D.S.O., was a passenger aboard the Canadian-Australian motorship Aorangi when the ship reached Victoria yesterday.

Apart from the fact that he and Lady Skelton had greatly enjoyed their visit to the Southern Dominion, it gave him great pleasure, he stated, to be able to say that conditions in New Zealand were improving. This improvement was very gradual, he added, and there was nothing of a rash nature about it, which was a good indication that it would be permanent.

Admiral Skelton stated that he had been retired on December 31 last, but hoped that he was still strong enough to be of service in other capacities. His appearance would indicate that he had many more years of usefulness before him, especially in any advisory capacity.

While the Aorangi was in port, Commander Victor Brodeur, naval officer in charge at Esquimalt, was host to the distinguished visitor, and conducted them over the station.

Admiral Skelton is making his first visit to Canada, and expressed regret that he would not be able to see as much of the country as he would have wished. He hoped to return again.

Admiral Skelton has had a distinguished career in the Royal Navy. He is a graduate of the R.N.E. College, Devonport, and served on H.M.S. Centurion on the China station in 1894-97, and H.M.S. Majestic, flagship of the Channel Squadron, 1899-1900. He was appointed to superintend the building of the Discovery for the National Antarctic Expedition, 1900, and served in that expedition as chief engineer under Captain R. F. Scott.

He served in various capacities until the Great War broke out, when he was appointed to H.M.S. Agincourt, and was present at the engagement of Jutland. Following the war, he served in high naval offices. He was created a C.B. in 1919, and made a C.B.E. in the same year.

Joseph Sommer & Sons, Ltd., Art Firm, Celebrates Fiftieth Anniversary

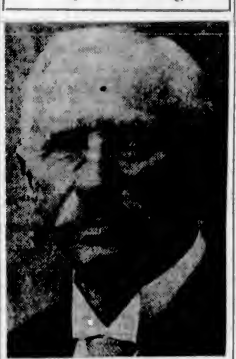

Marking the completion of half a century of business, the firm of Joseph Sommer & Sons, Ltd., now celebrates its fiftieth anniversary. For five decades these well-known art dealers have enjoyed the recurrent periods of prosperity and have weathered the storms of business depression, until today they have achieved the reputation of one of the most respected firms of art dealers in the country.

First-class watercolors are handled, also etchings, mezzos-tints, oil paintings and inexpensive color prints, together with artists' supplies of all kinds. This is in addition to the picture framing, which is a large factor in the activity of the store.

ORIGINAL SITE
It was in 1883 that the late Joseph Sommer established the nucleus of the present thriving business, choosing for the location a site next door to the old Capitol Theatre, at 1012 Government Street. The premises stand on ground that was at one time included within the confines of the old Hudson's Bay Fort, and when the excavations for the building were being done, broken pieces of crockery were unearthed. It was proved on investigation that there had stood the messhouse, where servants of the company daily met at meal times.

In the early days of the business, hand-made furniture was manufactured and many of the public buildings well-known to the early pioneers were furnished by the firm. But soon Mr. Sommer, Sr., saw the

possibilities in a concern that confined itself to the art of picture framing, combined with the sale of pictures, and he turned his energies in that direction. The success of his efforts was proved by the extensive business that he saw established before death claimed him in 1928.

PRESENT MANAGEMENT
The firm as it is today is under the guidance of the sons of Joseph Sommer, each one having been trained in the business since school days. A. J. Sommer holds the position of managing director, O. F. Sommer that of secretary-treasurer and F. C. Sommer is director. Under their management the business has recorded even greater expansion. In the picture-framing department a policy of inexpensive quality has been adopted. The patron is given the opportunity of selecting from a wide variety of different types of frames, all of original mold, many of imported woods especially suited to the work. Among the pictures there is a fine selection. In 1928 an art gallery was constructed, and here are held periodical exhibitions of imported pictures by well known artists from the Continent, as well as works by local artists to which the public is cordially invited.

Joseph Sommer & Sons hold the distinction of being the oldest Canadian account on the books of Winsor & Newton, English wholesalers in artists' supplies. For many years Sommer's has specialized in quality in this line. They were one of the first appointed as distributors for Eastman Kodak equipment and supplies, in the days when photography was a far more complex matter than it is today. In this connection they were the first in the city to install a developing tank and a modern finishing room. It is of interest to note here that A. C. Chavick, an employee of the firm, has been with them for a period of forty-three years.

MIDNIGHT FROLIC TO BE HELD AT CAPITOL

Something new in entertainment is offered by the management of the Capitol Theatre in the form of a Thanksgiving midnight frolic, to be held one minute after midnight, Sunday. A gala programme has been arranged, Mae West appearing in "She Done Him Wrong," on the screen, while on the stage will be held a vaudeville show, together with selections rendered by Reginald Woods and his ten-piece orchestra. By special arrangement there will be bus service at the close of the programme, assuring transportation homeward for the patrons.

THE LATE JOSEPH SOMMER ESTABLISHED THE STORE IN 1883 CLOSE TO THE PRESENT LOCATION AT 1012 GOVERNMENT STREET AND SINCE THAT TIME IT HAS GROWN TO BE ONE OF THE LEADING CONCERNS IN ITS LINE, SPECIALIZING IN PICTURE FRAMING, QUALITY PICTURES OF ALL KINDS, AND ARTISTS' SUPPLIES.

At the Theatres

CAPITOL Claudette Colbert is the "wickedest woman in town" as the star of Paramount's "Torch Singer," now showing at the Capitol Theatre. The cast features Ricardo Cortez, David Manners, Lydia Robert and Baby LeRoy. "Torch Singer," adapted from the Liberty Magazine story, "Mike," by Grace Perkins, is Paramount's answer to the popular demand that Miss Colbert be given "bad-girl" roles.

COLUMBIA Ralph Bellamy claims the part of a Danish accent for the Warner Bros. production, "The Narrow Corner," which is now at the Columbia Theatre, in three seconds. He plays the part of an educated Dane on a lonely island in the East Indies in Somerset Maugham's story of mad adventure. Director Green had told him he was not to use an accent, but just as the camera began to grind he called to him to talk in the broken English that would be used by a Dane. Bellamy remembered the speech of a Danish friend in New York and imitated it perfectly.

DOMINION Music and dancing are the main features of "Best of Enemies," the Fox comedy-romance now enjoying a successful engagement at the Dominion Theatre. The musical background, under the direction of Arthur Lange, accompanies the action of the film as it passes from pre-prohibition days down to the recent return of beer. Sammy Lee, who will be remembered for his staging of a number of the famous Ziegfeld shows, is responsible for the dance arrangements in the film.

PLAYHOUSE John McCormack will be seen at the Playhouse Theatre today in "Song of My Heart," that

stirring Irish drama which has been so popular during the last year. Maureen O'Sullivan is seen in the leading feminine role, and is ably supported by Alice Joyce, John Garriok and Tommy Clifford. As the added attraction the Playhouse Theatre is showing "The Sea Wolf," from the story by Jack London.

DOMINION TO OFFER COMEDY ON MONDAY

Official confirmation of the statement that Zasu Pitts is the busiest actress in Hollywood has come with the releasing of a tabulation by the Hays Office in Hollywood. This list covering all pictures made by every prominent screen player in the film capital during a given period of time, consists of more than 300 names, with Miss Pitts in first place with a comfortable margin. Her latest is "Her First Mate," in which she may be seen on Monday, at the Dominion Theatre, co-starring with Slim Summerville. As the added attraction the management is showing "The Secret of the Blue Room," starring Lionel Atwill and Paul Lukas.

EMMA ARRIVED LAST EVENING

Victoria's Ocean Docks Will Be Busy Tomorrow—Several Ships Due

With Island and Mainland travellers for disembarkation here, the Pacific Steamship Lines Ss. Emma Alexander arrived alongside Rishel Piers at 11 o'clock last night and proceeded to Seattle shortly before 1 o'clock this morning. The Coast ship had a large list of passengers for the Puget Sound port aboard and discharged some general cargo here.

Tomorrow will be a fairly busy day at Victoria's ocean docks. First thing tomorrow morning the Grace Line Ss. Santa Elena will be here from New York via way ports, bringing passengers and cargo for this port. She will proceed to Seattle at 11 o'clock. About the same time the Royal Mail Line motorship Lochgool will dock at Ogden Point Piers from the United Kingdom, via Panama and California.

Also due tomorrow, the Furness Line motorship Pacific Trader is expected in from the United Kingdom, via Panama and California, while in the afternoon the Canadian Pacific liner Ss. Empress of Canada will be here on her way across the Pacific to Orient ports. At 10 o'clock the Ss. Emma Alexander will arrive from Seattle and leave for San Francisco at midnight.

HI-Y CONFERENCE TO BE HELD HERE

Sixty members of the Hi-Y of British Columbia will converge in Victoria over the week-end to attend their annual conference, which will commence at the Y.M.C.A. with a general assembly Saturday, at 3:45 p.m. Edward Chapman, president of the Victoria Hi-Y Club, will be in the chair at the assembly, which will be for the purpose of organizing the conference.

In practically all high schools of Victoria, Vancouver and New Westminster there are Hi-Y groups flourishing. Delegates from many of these clubs will be present. The groups stand for better character in boys and young men.

DISCUSSION GROUPS
A feature of the convention will be discussion groups, and they will be led by Rev. J. H. A. Warr, Professor R. Wallace and Russell Robinson, adviser to the Prince of Wales Hi-Y in Vancouver.

B. C. Nicholas has been chosen to address the delegates at a banquet Saturday. On Sunday night Rev. Dr. G. B. Switzer will speak. A church parade will be held Sunday evening at 7:15 o'clock at the Metropolitan United Church. The service will be conducted by Rev. E. F. Church. Resolutions will be considered and reports read on Monday morning, following which the conference will come to an end.

CHEMAINUS SHIPPING

CHEMAINUS, Oct. 5.—Cheminus harbor presented a busy scene, this afternoon, when five boats were in the bay at once, one, the Langley, being under steam, on her way out, while the Golden Cross had just nosed around the point on her way in. In addition, in the stream and at the wharf, were the Imperial Valley, Fernbrook, and the Benvorlich, together with smaller craft, several scows laden with lumber, and a sawdust barge.

A special bus from Victoria conveyed the extra crews of longshoremen necessary to handle the lumber cargo awaiting the vessels, some of which was cut by the mill here and some by inland mills. The Pacific Commerce is also expected in the morning. In the meantime, two of the above boats will have completed loading.

"If styles didn't change, we'd wear our Chipso-washed clothes for years!"

says this clever mother

"I don't just think Chipso keeps materials new looking longer—I can give proof!" exclaimed Mrs. A. B. King. "Five years ago a neighbor and I bought the same pattern of printed cotton goods. I made a kitchen apron. She made her little girl a dress. In less than a year the child's dress had no pattern on it! But my apron—washed in Chipso at least once a month for five full years—is bright and pretty today!"

"Nothing ever comes to harm in Chipso—not even silks and woolsens. Yet to me there is nothing like it for speed and ease in taking out dirt. Chipso melts before you are through running in the water. It fills the tub with suds that will take three loadings of sheets, towels and linens and make them white as snow."

"I've tried other soaps that might get the clothes white—but then I wouldn't trust them for colors. I know I can trust Chipso. For instance, I have a 65¢ pair of gray silk stockings which were washed in Chipso all last fall. They aren't streaked or pinkish. And not long ago I used a piece of the new material to patch the bloomers of one of Alice Mary's old dresses. The patch matched so perfectly you would have thought the dress had never been washed!"

"Even washing dishes as many times a day as I do, Chipso doesn't hurt my hands. That shows Chipso isn't harsh."

True. There is no irritating action on your hands when you use Chipso because Chipso contains no harsh, "dirt-cutting" adulterants. It is SOAPIER. It makes thicker, peppier suds. After a few minutes in these rich Chipso suds, dirt can be squeezed out of clothes without hard rubbing, or any harshness to weaken materials and make colors dim. Begin this pleasant economy for yourself this week. Tell your grocer you want CHIPSO.

ALICE MARY JANE MRS. A. B. KING BARNES

Green pattern clear and lively after 2 WINTERS' WEAR to school. "This dress has had more than 70 Chipso washings," Mrs. King says.

"Jane has worn this red printed percale to school for 2 full winters," Mrs. King told us. "The COLOR DOES NOT RUN in Chipso suds. No streaks on the white collar!"

THE SECOND SUMMER for this white and yellow linen suit—Chipso-washed regularly! Barnes will outgrow it before it looks old.

"My red-and-white eyelet dress has not split or faded in HALF HUNDRED CHIPSO WASHINGS," says Mrs. King.

Stocks Decline And Bonds Gain At Wall Street

NEW YORK, Oct. 5 (AP).—Stocks today were unable to follow up the rally of the previous day, with commodities sagging, the flat drifted to a lower close. Volume, however, contracted on the decline, sales being reduced to 1,640,530 shares.

Wheat lost more than a cent and corn about 2 cents, while cotton was off around a dollar a bale. Bonds on the other hand, straightened. Dollar exchange was mostly firm, advancing against European money during most of the day.

Shares appeared to have been rather tired by their exertions of yesterday, and the market found itself without aggressive support.

U.S. Steel common was a point most of the day; it finished 1-2 down, and the preferred lost nearly as much.

Utility shares held up reasonably well. Rails were mostly lower. Union Pacific and New York Central eased more than a point. In the automobile group, General Motors and Chrysler encountered profit-taking. Metcals improved, but alcohol was ground. American Type Foundries went into receiver's hands, and the preferred lost nearly 8 cents. John-Manville, Westinghouse, General Electric, Bethlehem and Sears Roebuck were down major fractions to slightly more than a point.

WHEAT PRICES GAIN SLIGHTLY

Improved Buying Demand
Enters Winnipeg Market—
Trade Volume Increases

WINNIPEG, Oct. 5 (CP).—Wheat good buying in evidence at the export and sales estimated at more than 750,000 bushels, wheat prices maintained a firm position on the Winnipeg Grain Exchange today and closed 3-8 higher to 1-8 cent over the previous Friday's closing.

Wheat—October 1-8, November 1-2, December 1-8 and May 1-8 and 6-8 cents.

A sale of one Northern Wheat was made to a European buyer on the basis of protein content. This was probably the first transaction of its kind this season.

Volume of trade through the pit was quite appreciable. Liverpool wheat finished 3-4 lower, with cables reporting offerings of cheap German wheat, but confirming purchases of Canadian, Argentine and Australian wheat.

Cash grain spreads were 1-8 to 1-4 cent earlier. Trading in coarse grains was routine.

MINING ISSUES KEEP DROPPING

Brallone and Premier Gold
Only Exceptions to Downward Trend

MONTEAL, Oct. 5 (CP).—Starting off the day with a firm tone and a high note of optimism, today the Montreal Stock Exchange gradually fell back into the dull trading that has featured the past week, and at the close presented a decidedly irregular trend.

Shawinigan sold at 17 3/4 for a gain of half a point. Nickel, at 20.60, was off 30 cents. Canada Cement preferred fell 1 1/4 at 62. Canadian Pacific preferred a point at 13.50. Wabaco Cotton a point at 15.50. Sherwin Williams and St. Lawrence Corporation preferred 2 points, the former at 10 and the latter at 11.

Such leaders as Brallone, Canadian Pacific, Industrial Alcohol, Bruck Silk and some others closed steady to fractionally lower.

Sales, 14,632; bonds, \$77,100.
